From the President

To the University Community—

Penn State is committed to providing a safe campus environment, and we ask that everyone takes ownership of this goal. Over the years and in myriad ways, Penn State has undertaken many important institutional efforts to address safety issues, including this publication. I urge you to review the information about campus safety measures, reporting crimes and other emergencies, as well as the procedures and policies designed to protect our University community. We have no greater priority than the safety of our students, faculty, staff, and visitors to our campuses, but a truly safe campus can only be achieved through the cooperation of everyone. Thank you for attention to this very important mission.

Eric J. Barron
President

Accessibility to Information and Non-Discrimination Policy

This publication is available in alternative media on request.

The University is committed to equal access to programs, facilities, admission, and employment for all persons. It is the policy of the University to maintain an environment free of harassment and free of discrimination against any person because of age, race, color, ancestry, national origin, religion, creed, service in the uniformed services (as defined in state and federal law), veteran status, sex, sexual orientation, marital or family status, pregnancy, pregnancy-related conditions, physical or mental disability, gender, perceived gender, gender identity, genetic information or political ideas. Discriminatory conduct and harassment, as well as sexual misconduct and relationship violence, violates the dignity of individuals, impedes the realization of the University’s educational mission, and will not be tolerated. Direct all inquiries regarding the nondiscrimination policy to the Affirmative Action Office, The Pennsylvania State University, 328 Boucke Building, University Park, PA 16802-5901, Email: aao@psu.edu, Tel 814-863-0471.
Annual Security Report

PREPARATION OF THE ANNUAL SECURITY REPORT AND DISCLOSURE OF CRIME STATISTICS

The University Police and Public Safety Department publishes this report to inform the Penn State community about campus security policies and initiatives to prevent and respond to crime and emergencies, and the occurrence of crime on campus. This report complies with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and uses information maintained by the University Police, as well as information provided by other University offices such as Student Affairs, Residence Life, Office of Student Conduct, and information provided by Campus Security Authorities, and local law enforcement agencies. Each of these entities provides updated policy information and/or crime data.

This report provides statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings, and on property owned, leased or controlled by Penn State University. This report also includes institutional policies concerning campus security, such as policies regarding sexual assault, alcohol, and other drugs.

By October 1 of each year, the University distributes a notice of the availability of this Annual Security Report to every member of the University community. Anyone, including prospective students and employees, may obtain a paper copy of this report by contacting University Police and Public Safety at 814-865-1864 or by visiting http://www.police.psu.edu/annual-security-reports/.

ABOUT THE DEPARTMENT OF SECURITY

Role, Authority, and Training
The Department of Security is headed by a Director of Security with a staff of thirty-three non-sworn officers who provide service twenty-four hours a day, 365 days a year. The security officers do not have arrest authority. The department reports to the Vice President of Operations Administrator. All officers are required to have a high school diploma; two years or more of security experience; and receive in-service training each year concentrating on annual safety training, radiation safety training, first responder training, and infection control training. Upon hiring, officers receive eighty hours of orientation and field training, where they are trained in numerous vocations, including verbal and physical de-escalation techniques to deal with violent patients. Officers are equipped with OC pepper spray and a taser. Senior Officers and higher carry a firearm. The Department uses extensive technology with electronic access control and camera surveillance throughout the campus.

Department of Security Mission Statement: “To provide for the protection of the lives; well-being and property of patients, students, visitors and employees at the Hershey Medical Center Campus; and to provide for the protection of Penn State Hershey Medical Center and Penn State University property.”

Safety, Our Number One Priority
The University takes great pride in the community at Penn State University and offers many advantages for students, faculty and staff. This community is a great place to live, learn, work, and study, however, this does not mean that the campus community is immune from problems that arise in other communities. With that in mind, Penn State has taken progressive measures to create and maintain a safe environment on campus.

Though the University is progressive with its policies, programs, and education, it is up to each of us to live with a sense of awareness and use reasonable judgment when living, working or visiting campus.

Working Relationship with Local, State, and Federal Law Enforcement Agencies
The Department of Security maintains a cooperative relationship with federal, state, and local law enforcement to include FBI, Pennsylvania State Police, the Derry Township Police, and surrounding police agencies. Security officers respond to all incidents, with all serious criminal incidents being referred to the Derry Township Police for investigation. The College of Medicine encourages all victims of crime to report the incident to the Department of Security, the Office of Student Affairs or to the Derry Township Police.

The Penn State College of Medicine Department of Security does not participate in any Intermunicipal Mutual Aid Agreements. The department has interoperable radio communications with Dauphin County Communications Center for emergency use. If the Security Department learns of criminal activity involving students, it will provide that information to the appropriate law enforcement agency and forward information about the situation to the Office of Student Conduct, as appropriate.
**Crimes Involving Student Organizations at Off-Campus Locations**

Penn State College of Medicine relies on its close working relationships with local law enforcement agencies to receive information about incidents involving Penn State students and recognized student organizations, on and off campus. All crime occurring on or near campus will be investigated by local law enforcement. If the Security Department learns of criminal activity involving students or student organizations, it will provide that information to the appropriate external law enforcement agency and forward information about the situation to the Office of Student Conduct, as appropriate.

The University requires all recognized student organizations to abide by federal, state, and local laws, and University regulations. The University may become involved in the off-campus conduct of recognized student organizations when such conduct is determined to affect a substantial University interest (as defined in the University Off-Campus Misconduct Policy at https://studentaffairs.psu.edu/safety-conduct/student-conduct/students-and-organizations/campus-conduct-policy).

**Reporting Crimes and Other Emergencies**

The University has a number of ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to law enforcement and to appropriate University officials. Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire University community that you immediately and accurately report all incidents so that the Department of Security can investigate the situation and determine if follow-up actions are required, including issuing a Crime Alert or emergency notification.

**Voluntary, Confidential Reporting**

If crimes are never reported, little can be done to help prevent other members of the community from also being victimized. We encourage University community members to report crimes promptly and to participate in and support crime prevention efforts. We also encourage University community members to report crimes when the victim is unable to make the report. The University community will be much safer when all community members participate in safety and security initiatives.

If you are the victim of a crime or want to report a crime you are aware of, but do not want to pursue action within the University or criminal justice system, we ask that you consider filing a voluntary, confidential report. Depending upon the circumstances of the crime you are reporting, you may be able to file a report while maintaining your confidentiality. The purpose of a confidential report is to comply with your wish to keep your personally identifying information confidential, while taking steps to ensure your safety and the safety of others. The confidential reports allow the University to compile accurate records on the number and types of incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security Report and Annual Fire Safety Report. In limited circumstances, the department may not be able to assure confidentiality and will inform you in those cases.

**Reporting to Department of Security**

We encourage all members of the University community to report all crimes and other emergencies to Department of Security in a timely manner. The Department of Security maintains a dispatch center that is available in person, or by phone at 717-531-8711, twenty-four hours a day just inside the Emergency Department entrance, room H1486A. The Security Administration Office is located at the Eastmoor Building, 2nd Floor. Although many resources are available, Department of Security should be notified of any crime, whether or not an investigation ensues, to assure the University can assess any and all security concerns and inform the community if there is a significant threat to the University community.

**Emergency Phones**

The University has installed sixty-six emergency phones in and around the Penn State College of Medicine and the Hershey Medical Center campus. Phones are located throughout the parking lots and parking garages, as well as in remote areas of various campus buildings. Six emergency phone towers are located at University Manor East Student Housing Complex. At University Manor West there are three strategically placed emergency phone towers. Emerg-ency phones provide direct voice communications to the Security Department Dispatch Center.

**Anonymously**

If you are interested in reporting a crime anonymously, you can contact the PSU Office of Ethics and Compliance 24/7 hotline for anonymous reporting at 1-800-560-1637 or www.hotline.psu.edu. You can also submit tips through Pennsylvania Crime Stoppers at 1-800-4PA-TIPS or via the website (https://www.crimewatchpa.com/crimestoppers/).
Reporting to Other Campus Security Authorities

While the University encourages all campus community members to promptly report all crimes and other emergencies directly to the Department of Security at 717-531-8711, or to 911, we also recognize that some may prefer to report to other individuals or University offices. The Clery Act recognizes certain University officials and offices as “Campus Security Authorities” (CSAs). The act defines these individuals, among other individuals, as “An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. An official is defined as a person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.”

While the University has identified several thousand CSAs, we officially designate the following offices as places where campus community members should report crimes:

Pastoral and Professional Mental Health Counselors

According to the Clery Act, pastoral and professional mental health counselors who are appropriately credentialed and hired by Penn State to serve exclusively in a counseling role are not considered CSAs. As a matter of policy, the University encourages pastoral and professional mental health counselors to notify those whom they are counseling of the voluntary, confidential reporting options available to them.

TIMELY WARNING REPORTS

In an effort to provide timely notice to the campus community in the event of a Clery Act Crime that may pose a serious or ongoing threat to members of the community, the University Police issues “Timely Warnings.” The University may issue a Timely Warning for the following: arson; aggravated assault; criminal homicide; domestic violence; dating violence; robbery; burglary; motor vehicle theft; sexual assault; hate crimes; and stalking. The University may also issue a Timely Warning for alcohol, drug, and weapon arrests or referrals that may cause a continuing threat to the community. University Police will distribute these warnings through a variety of ways, including but not limited to emails, posters, web postings and media. The University also has the ability to send text message alerts to those who register their cell phone numbers.

The purpose of a Timely Warning is to notify the campus community of the incident and to provide information that may enable the community to take steps to protect themselves from similar incidents. The University will issue Timely Warnings considering on a case-by-case basis the following criteria: (1) one of the above listed crimes are reported; (2) the perpetrator has not been apprehended; and (3) there is a substantial risk to the safety of other members of the campus community because of this crime. An institution is not required to provide a timely warning with respect to crimes reported to a pastoral or professional counselor. The University may also issue an alert in other circumstances, which may pose a significant threat to the campus community.

At Penn State College of Medicine, the Director of Security will generally make the determination, in consultation with other University offices, if a Timely Warning is required. For incidents involving off-campus crimes, the University may issue a Timely Warning if the crime occurred in a location used and frequented by the University population.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

Emergency Management at Penn State University

The Office of Emergency Management assists departments and campuses with developing, maintaining, and implementing emergency operations plans, developing and conducting exercises, hazard and risk education, and building partnerships with external response agencies. The Office of Emergency Management is responsible for assisting with and coordinating the University’s overarching emergency management program, as explained in Policy AD70, Emergency Management (https://policy.psu.edu/policies/Ad70).

Each campus within the University system maintains the capabilities necessary to warn and evacuate their respective location. A part of these capabilities includes the development and distribution of emergency response guidelines to students, faculty, and staff. These guidelines are maintained and distributed in a variety of ways. Some campuses post the information in hallways and classrooms. This information is available on the University Police website at https://police.psu.edu/emergency-management.

Drills, Exercises, and Training

To ensure the campus emergency management plans remain current and actionable, the campuses conduct at least one exercise annually. These exercises include, but are not limited to: seminars, drills, tabletops, functional, and full-scale. The campuses conduct after-action reviews of all emergency management exercises. The Office of Emergency Management works with each campus location to develop exercise scenarios. Outreach to local state and federal responders and stakeholders is also conducted in order to solicit participation.

In conjunction with at least one emergency management exercise each year, the campus will notify the appropriate campus community of the exercise and remind the community of the University’s PSUAlert system and emergency response procedures.

Emergency Notification

Penn State College of Medicine Medical Center is committed to ensuring the campus community receives timely, accurate, and useful information in the event of a significant emergency or dangerous situation on campus or in the local area that poses an immediate
threat to the health and safety of campus community members. Penn State University will immediately notify the campus community upon confirmation of an emergency or dangerous situation. Penn State College of Medicine uses the emergency notification system, EVERBRIDGE, to provide alerts via PSH Alerts. PSH Alerts is an emergency notification service available to students, faculty and staff. PSH Alerts is a closed, opt-out system. PSH Alerts can be used to send emergency messages within minutes of the occurrence of an incident. Penn State’s emergency communication system is multi-modal, covering various forms of media. Twitter accounts for all twenty-four locations are available to individuals that do not have Penn State e-mail addresses. All Penn State e-mail addresses are automatically entered in the system and cannot be removed by the user. All twenty-four campuses have access to PSUAlert for posting. Students at PSHMC are encouraged to maintain both alerting systems.

Confirming the Existence of a Significant Emergency or Dangerous Situation and Initiating the Emergency Notification System:

University Police and Public Safety and/or other Responsible University Authorities may become aware of a critical incident or other emergency situation that potentially affects the health and/or safety of the campus community. Generally, Responsible University Authorities become aware of these situations when they are reported to the campus police or security department or directly to a University employee. A Responsible University Authority is defined as a Penn State employee that has the knowledge, skills, and abilities necessary to evaluate whether or not a particular event requires an emergency notification and to determine if such a notification would compromise the efforts to contain the emergency. This individual may also determine if a message should be sent to benefit the health, safety, and well-being of the campus community for situations that do not pose a significant emergency or dangerous situation.

Once first responders confirm that there is, in fact, an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the campus community, University Police will be made aware of the situation.

The institution will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgement of Responsible University Authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Determining the Appropriate Segment or Segments of the Campus Community to Receive an Emergency Notification:

The Responsible Campus Authorities, in conjunction with first responders, will determine the appropriate segments to notify and the appropriate modes to use. Generally, campus community members in the immediate area of the dangerous situation (i.e., the building, adjacent buildings, or surrounding area) will receive the emergency notification first. The Responsible Campus Authorities will continually evaluate the situation and assess the need to notify additional segments of the campus population.

Determining the Contents of the Emergency Notification:

Speed and accuracy of the information are of utmost importance in issuing emergency notifications. To expedite this process and ensure each message contains essential information, the mass notification system contains pre-scripted templates for the most probable or highest impact emergencies. These messages identify the situation, allow for input of the location, and identify the immediate protective action that should be taken. The individual authorizing the message will select the most appropriate template. In those cases where there are no predetermined templates in the system, the individual may use the “alert” template to craft a specific message. The goal is to ensure people are aware of the situation and they know the steps to take to stay safe.

Procedures Used to Notify the Campus Community:

In the event of a situation that poses an immediate threat to members of the campus community, the campus has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an emergency. These methods of communications include the mass notification system PSUAlert, which may include: SMS, e-mail, voice, RSS, Twitter, and Facebook. We may also use verbal announcements within buildings, public address systems, fire alarms, and posting to websites.

Procedures for Disseminating Emergency Information to the Larger Community (i.e., individuals and organizations outside the campus community):

If the campus activates its Emergency Notification process in response to a situation that poses an immediate threat to members of the campus community, the appropriate offices at the campus will notify the larger community about the situation and steps the campus has taken to address the emergency. Primarily, campus communicators/news and media relations is responsible for crisis communications and for updating notices on Facebook, Twitter, and other social networking platforms and for maintaining communications with news outlets, distribution of press releases, and scheduling of press conferences.

Enrolling in the University’s Mass Notification System PSUAlert:

We encourage employees and students of the campus community to enroll in PSUAlert. All employees and students with an access account and psu.edu e-mail automatically have their psu.edu e-mail enrolled in the system. They are encouraged to visit the PSUAlert portal at http://psualert.psu.edu and add phone numbers and additional e-mails. Members of the larger community are encouraged to follow us on Twitter, Facebook, or our websites.

Penn State Health Alerts

Penn State Health Alerts is the emergency alerting system for the academic health system based in Hershey, including the Milton S. Hershey Medical Center, outpatient practice sites and Penn State
College of Medicine. PSUAlert is also an available alerting system managed by Penn State University, that deals strictly with University Park and the Commonwealth Campuses.

Penn State Health Alerts helps ensure students and employees are able to receive potentially lifesaving information when an emergency situation occurs that could affect the operation of the organization.

All employees and students who are issued a Penn State Health email account are automatically enrolled in Penn State Health Alerts system using that email address. Those with a Penn State Email are automatically entered into the PSUAlert system.

To receive emergency information via text, cell phone, or personal email addresses, employees and students must register that additional information online at https://alerts.pennstatehealth.net.

In order to receive emergency information via text, cell phone, or personal email addresses from PSUAlert, employees and students would need to register at https://psualert.psu.edu/psualert/.

The Everbridge mobile app, available for Android and Apple operating systems, allows you to receive emergency information without adding your cell phone to the member portal and when cell network is not available at your location.

To receive emergency information via the Everbridge mobile app, download the app, log in using the special code PSHCOM1, and adjust profile settings, including additional contact methods and reordering how you receive information.

The mobile app is the fastest way to receive emergency notifications and does not stress paging and voice systems, so employees and students should consider downloading the app and logging in to make it their primary means of receiving alerts.

SECURITY OF AND ACCESS TO PENNSYLVANIA STATE UNIVERSITY PARCORS

At Penn State College of Medicine and the Hershey Medical Center campus, academic buildings are generally open 6:00 a.m. until 6:00 p.m., Monday through Friday. The University Fitness Center is open Monday–Thursday 5:00 a.m.–11:00 p.m., Friday 5:00 a.m.–8:00 p.m., and Saturday–Sunday 8:00 a.m.–5:00 p.m. Administrative buildings have a wide variety of opening and closing times with the hospital open twenty-four hours a day. Hospital access is controlled by security systems and/or security personnel at major entrances and by patrolling security officers throughout the facility. Access to individual classrooms and laboratories is limited to those enrolled in the courses meeting there. Likewise, access to most programs is limited to those enrolled in the program or otherwise authorized access.

Special Considerations for On-campus Student Housing Access

Penn State College of Medicine maintains the University Manor Housing Complex for students and employees. Doors are equipped with a dead-bolt latch, and lockset core that are individually opened and closed by owner key. When a door is malfunctioning, personnel are summoned for repairs. At the time apartment keys are issued, tenants are given University Manor parking regulations, telephone installation and dialing instructions, and fire-protection system instructions. Emergency instructions are displayed in each apartment detailing the use of the fire-alarm system and the fire extinguisher.

It is the resident’s responsibility to ensure that his/her guests are aware of the University and on-campus student housing policies. Guests are not provided with room keys or door access cards. It is the responsibility of residents, and housing staff to challenge or report individuals who cannot be identified as residents or the guests of residents. Solicitation is not allowed and visitors are by tenant invitation. Security Department personnel also conduct regular checks of on-campus student housing areas. When the Security Department receives a report of an unescorted person, an officer is dispatched to identify that person.

No special security procedure has been adopted for housing students during low-occupancy periods such as holidays and vacations. Tenants who have lost their keys or have locked themselves out must go to the housing office during normal work hours to sign for a loaner key. If the tenant does not find his or her key within seven days, the lock is replaced and new keys are issued. The tenant is charged for the replacement cost. During off hours, if a tenant has lost his or her key or is accidentally locked out, the tenant must contact a security officer to unlock the door. The tenant must produce proper identification, and the officer will confirm the identity of the tenant with the dispatcher, who has a current list of tenants in the complex.

Additional information regarding housing at Penn State College of Medicine is available at: http://www.pennstatehershey.org/web/housing/home/services.

Security Considerations for the Maintenance of Campus Facilities

Penn State University is committed to campus safety and security. Identification badges are issued to all students, faculty, staff, and affiliates during the orientation process by the Security Department. The identification badges are required to be worn in all facilities of the Medical Center. Security officers, as well as faculty and staff, will challenge unidentified and potentially unauthorized persons in these facilities. Unidentified and unauthorized persons will be asked to leave and will be escorted by Security from the premises.

The identification badges may be used for authorized access at several main entrances to the Medical Center and the College of Medicine. The badges may not be modified or abused in any manner and a lost badge must be immediately reported to Security.

At Penn State College of Medicine, locks, landscaping, and outdoor lighting are designed for safety and security. Sidewalks are designed to provide well-traveled, lighted routes from parking areas to buildings and from building to building. Groundskeeping personnel trim shrubs from sidewalks, walkways, and building entrances to provide a well-lighted route to buildings. All campus walkways are inspected quarterly to ensure adequate lighting. Burned-out lights are replaced promptly.

We encourage community members to promptly report any security concern, including concerns about locking mechanisms, lighting, or landscaping to the Security Department at 717-531-8711.

Security escorts are provided for persons who request them, especially during hours of darkness. A radio loaner program is also available whereby persons may borrow a hand-held radio that is tuned to the Security frequency while walking on campus after dark.
Penn State Milton S. Hershey Medical Center and the College of Medicine is a tobacco-free organization. No smoking or use of tobacco products of any kind is permitted in our buildings, inside vehicles, or anywhere on the grounds. Smoking is prohibited on campus, except in individual apartments.

**PENN STATE’S RESPONSE TO DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, AND STALKING**

The Pennsylvania State University does not discriminate on the basis of sex in its educational programs nor tolerate sexual violence, or sexual harassment, which are types of sex discrimination. Other acts can also be forms of sex-based discrimination and are also prohibited whether gender based or not and include dating violence, domestic violence, and stalking. As a result, The Pennsylvania State University issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus, and how these events are reported to a University official. In this context, The Pennsylvania State University prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking, and reaffirms its commitment to maintaining a campus environment that emphasizes the dignity and worth of all members of the University community.

**Our Commitment to Addressing Sexual Assault/Rape, Domestic Violence, Dating Violence, and Stalking**

The University does not tolerate sexual misconduct or abuse, such as sexual assault, rape, or any other forms of nonconsensual sexual activity. Sexual misconduct in any form violates the Student Code of Conduct, University policies (https://policy.psu.edu/policies/AD85), and may violate federal and state laws. Violations are subject to disciplinary sanctions through the Office of Student Conduct and/or those outlined in applicable University policies (please refer to Policy AD85 Sexual and/or Gender-Based Harassment and Misconduct (including Sexual Harassment, Sexual Assault, Dating Violence, Domestic Violence, Stalking, and Related Inappropriate Conduct). Penn State’s Sexual Harassment and Assault Reporting and Education website is also intended to provide assistance in obtaining information and identifying resources for anyone who becomes aware of or have experienced sexual harassment and assault at http://titleix.psu.edu/.

- On-campus, confidential counseling services are available to students through Counseling and Psychological Services (CAPS) and the Gender Equity Center http://studentaffairs.psu.edu/genderequity.
- “Trauma Drop” is a special procedure that may enable a victim of sexual assault, dating violence, domestic violence, stalking, or other life traumas to retroactively withdraw from a semester or individual courses.
- The University may assist victims with student financial aid assistance and/or visa/immigration assistance if requested and to the extent they are reasonably available.
- All incoming first year undergraduate students, regardless of age, are required to complete Penn State’s AWARE-Sexual Assault Awareness learning module prior to arriving on campus. Penn State AWARE helps students increase their knowledge and understanding of relationship violence, sexual assault, stalking, and sexual harassment.
- All new employees are required to complete the “Understanding Title IX at Penn State” online training module. The training module has been designed to ensure that all Penn State employees, graduate assistants, and those with graduate fellowships understand the applicable laws and University policies related to issues of sexual and/or gender-based harassment and misconduct, are cognizant of their responsibilities to report such incidents to the University’s Title IX Coordinator, and are aware of how to make a report, if the need should arise.

**What is Consent?**

Pennsylvania does not define consent in reference to sexual activity. The University defines consent as follows: Consent must be informed, freely given and mutual. If coercion, intimidation, threats or physical force are used there is no consent. If a person is mentally or physically incapacitated or impaired so that such person cannot understand the fact, nature or extent of the sexual situation, there is no consent: this includes impairment or incapacitation due to alcohol or drug consumption, or being asleep or unconscious, where the respondent knew or reasonably should have known that the person was incapacitated. Inducement of incapacitation of another with the intent to affect the ability of an individual to consent or refuse to consent to sexual contact almost always, if not always, negates consent. Silence does not necessarily constitute consent. Whether a person has taken advantage of a position of influence over an alleged victim may be a factor in determining consent.

**Defining Sexual Assault/Rape, Domestic Violence, Dating Violence, and Stalking**

**Sexual Assault:** Under Pennsylvania law, sexual assault occurs when a person engages in sexual intercourse or deviate sexual intercourse with a complainant without the complainant’s consent.

The Clery Act defines Sexual Assault as any sexual act directed against another person, without consent of the victim, including instances where the victim is incapable of giving consent. This includes Rape, Fondling, Incest, and Statutory Rape as defined by the Clery Act.

According to University policy AD85, Sexual Assault occurs when a person engages in sexual intercourse or deviate sexual intercourse with a complainant without the complainant’s consent, and includes rape, fondling, incest, or statutory rape. Sexual assault also includes, but is not limited to, attempted or unwanted sexual activity, such as sexual touching and fondling. This includes the touching of an unwilling person's intimate parts (defined as genitalia, groin, breast or buttock, or clothing covering them), or forcing an unwilling person to touch another’s intimate parts.

**Rape:** Under Pennsylvania law, rape occurs when a person engages in sexual intercourse with a complainant: (1) by forcible compulsion; (2) by threat of forcible compulsion that would prevent resistance by a person of reasonable resolution; (3) who is unconscious or where the person knows that the complainant is unaware that the sexual intercourse is occurring; (4) where the person has substantially impaired the complainant’s power to appraise or control his or her conduct by administering or employing, without the knowledge of the complainant, drugs, intoxicants or other means for the purpose of preventing resistance; or (5) who suffers from a mental disability which renders the complainant incapable of consent.
The Clery Act defines Rape as the penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.

University policy AD85 does not specifically define Rape. See the above definition for Sexual Assault.

**Domestic Violence:** Domestic Violence is not defined by Pennsylvania state statute. Under Pennsylvania Protection From Abuse Act, however, "abuse" is defined as the occurrence of one or more of the following acts between family or household members, sexual or intimate partners or persons who share biological parenthood: (1) Attempting to cause or intentionally, knowingly or recklessly causing bodily injury, serious bodily injury, rape, involuntary deviate sexual intercourse, sexual assault, statutory sexual assault, aggravated indecent assault, indecent assault or incest with or without a deadly weapon. (2) Placing another in reasonable fear of imminent serious bodily injury. (3) The infliction of false imprisonment pursuant to 18 Pa.C.S. § 2903 (relating to false imprisonment). (4) Physically or sexually abusing minor children, including such terms as defined in Chapter 63 (relating to child protective services). (5) Knowingly engaging in a course of conduct or repeatedly committing acts toward another person, including following the person, without proper authority, under circumstances which place the person in reasonable fear of bodily injury. The definition of this paragraph applies only to proceedings commenced under this title and is inapplicable to any criminal prosecutions commenced under Title 18 (relating to crimes and offenses).

The Clery Act defines Domestic Violence as a felony or misdemeanor crime of violence committed –

- By a current or former spouse or intimate partner of the victim;
- By a person with whom the victim shares a child in common;
- By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
- By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred;
- By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

According to University policy AD85 Domestic violence includes crimes of violence committed against a victim by: (i) a current or former spouse or intimate partner of the victim; (ii) a person with whom the victim shares a child; (iii) a person who is or has cohabitated with the victim as a spouse; (iv) a person similarly situated to a spouse of the victim; and (v) any other person (adult or child) against whom the victim is protected under Pennsylvania’s domestic and family violence laws. It is important to recognize that emotional, verbal, and economic abuse are part of the web of domestic violence and can exist without the presence of physical abuse.

**Dating Violence:** Dating Violence is not specifically defined by Pennsylvania state statute.

The Clery Act defines Dating Violence as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

According to University policy AD85 Dating Violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship will be based on the reporting party's statement and with consideration of the length and type of relationship and the frequency of interaction between the persons involved in the relationship. Dating violence includes but is not limited to sexual or physical abuse or the threat of such abuse. However, it is important to recognize that emotional, verbal, and economic abuse are part of the web of dating violence and can exist without the presence of physical abuse.

**Stalking:** Under Pennsylvania law, stalking occurs when a person either: (1) engages in a course of conduct or repeatedly commits acts toward another person, including following the person without proper authority, under circumstances which demonstrate either an intent to place such other person in reasonable fear of bodily injury or to cause substantial emotional distress to such other person; or (2) engages in a course of conduct or repeatedly communicates to another person under circumstances which demonstrate or communicate either an intent to place such other person in reasonable fear of bodily injury or to cause substantial emotional distress to such other person.

The Clery Act defines Stalking as engaging in a course of conduct directed at a specific person that would cause a reasonable person to –

- Fear for the person’s safety or the safety of others; or
- Suffer substantial emotional distress.

According to University policy AD85 Stalking is a course of conduct directed at a specific person that would cause a reasonable person to fear for his/her safety or the safety of others, or to suffer substantial emotional distress. Stalking may include repeatedly following, harassing, threatening, or intimidating another by telephone, mail, electronic communication, social media, or any other action, device or method.

**What to do if you have been the victim of sexual assault, dating violence, domestic violence or stalking**

After an incident of sexual assault, it is important to seek medical attention as soon as possible. In Pennsylvania, evidence may be collected even if a victim chooses not to make a report to law enforcement. It is important that victims of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence, as may be necessary to the proof of criminal activity, may be preserved. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to University hearing boards/investigators or police. Victims of sexual assault, domestic violence, stalking and dating violence are also encouraged to preserve physical and medical evidence as may be necessary to the proof of criminal
domestic violence, dating violence, sexual assault or stalking or in obtaining a protection order.

Although the University strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim’s choice whether or not to make such a report, and victims have the right to decline involvement with the police. Whether a victim reports the crime to the police, or not, if the alleged offender is a member of the University community, the victim has a right to proceed to seek University discipline against the offender as explained in more detail in AD85 and in the section of this Annual Security Report entitled, “University Procedures for Responding to Reports of Sexual Assault, Domestic Violence, Dating Violence, and Stalking.”

To criminally report an incident involving a sexual assault, domestic violence, stalking, and dating violence, contact the Penn State University Police/Public Safety Department at 717-531-8711 or http://police.psu.edu/report-crime and/or local law enforcement. The University will assist any victim with notifying local police if they so desire, including assisting a victim with making a police report. Making a police report can involve calling or visiting the local police agency to initiate a report. A victim of domestic violence, dating violence, sexual assault or stalking who proceeds through the criminal process has the following rights, which, upon request, will be provided to a reporting student or employee in writing, regardless of where the crime occurred:

- To receive information concerning available services for victims;
- To be notified of certain significant actions and proceedings pertaining to your case;
- To be accompanied at all public criminal proceeding by a victim advocate, family member or another person;
- In cases involving personal injury crimes, burglary, and crimes relating to driving under the influence which involved bodily injury, the victim may offer prior comment on the potential reduction or dropping of any charge or changing of a plea;
- To offer prior comment on the sentencing of a defendant to include the submission of a written and/or oral victim impact statement;
- To be restored, to the extent possible, to the pre-crime economic status through restitution, compensation, and the return of property;
- Where applicable, to obtain an order of protection, no contact order, restraining order, or other similar lawful order issued by a criminal, civil or tribal court, or a no contact directive from the University. The University will, when appropriate, issue a no contact directive. To request a University-issued no contact directive, individuals may contact the Office of Sexual Misconduct Prevention and Response (814-867-0099 or titleix@psu.edu) or the Office of Student Conduct, 120 Boucke Building, University Park, PA 16802 (814-863-0342);
- If personal injury results from the incident, and the offender is sentenced to a state correctional facility, the victim has the opportunity to provide prior comment on and to receive state post sentencing release decisions (work release, parole, pardon, or community treatment center placement) and to be provided immediate notice of escape of the offender;
- If personal injury occurs from the incident and the offender is sentenced to a local correctional facility, the victim has the right to receive notice of release of the offender (including work release, furlough, parole, community treatment center placement) and to be provided with immediate notice of the escape of the offender;
- Where the offender is subject to a PFA order and is committed to a local correctional facility for a violation of the order or for a personal injury crime against a victim protected by the order, the victim has the right to receive immediate notice of the release of the offender on bail;
- When an offender is committed to a mental health facility from a state correctional institution, the victim has the right to notice of the discharge, transfer, or escape of the offender from the mental health facility; and
- The victim has the right to have assistance in the preparation of, submission of and follow-up on financial assistance claims to the Crime Victim’s Compensation Program.

Moreover, to the extent of the victim’s cooperation and consent, University offices will work cooperatively to ensure that the complainant’s health, physical safety, work and academic status are protected, pending the outcome of a formal University investigation of the complaint. For example, if reasonably available, a complainant may be offered changes to academic, living, transportation, or working situations or protective measures in addition to counseling, health services, and assistance in notifying appropriate local law enforcement, which, where appropriate and requested and to the extent permissible by law, will be kept confidential. All options for accommodations and protective measures will be provided to the complainant in writing upon request. The University will make available accommodations or provide protective measures regardless of whether the complainant chooses to report the crime to campus police or local law enforcement.

For information about protecting confidentiality, see the section of this Annual Security Report entitled “Protecting the Confidentiality of Victims.”

**Risk reduction, warning signs of abusive behavior and future attacks**

No victim is EVER to blame for being assaulted or abused. Unfortunately, studies show that a person who is the victim of sexual or dating violence is more likely to be re-victimized. Below are some tips to help reduce your risk, to recognize warnings signs of abusive behavior and how to reduce the risk of a potential attack.

**Warning Signs of Abusive Behavior**

Domestic and dating abuse often escalates from threats and verbal abuse to violence. And, while physical injury may be the most obvious danger, the emotional and psychological consequences of domestic and dating violence are also severe. Warning signs of dating and domestic violence include:
1. Being afraid of your partner;
2. Constantly watching what you say to avoid a “blow up;”
3. Feelings of low self-worth and helplessness about your relationship;
4. Feeling isolated from family or friends because of your relationship;
5. Hiding bruises or other injuries from family or friends;
6. Being prevented from working, studying, going home, and/or using technology (including your cell phone);
7. Being monitored by your partner at home, work or school; and
8. Being forced to do things you don’t want to do.

Help Reduce Your Risk and Avoid Potential Attacks
If you are being abused or suspect that someone you know is being abused, speak up or intervene.
1. Get help by contacting the Counseling Center or Health Center for support services
2. Learn how to look for “red flags” in relationships so you can learn to avoid some of those characteristics in future partners
3. Consider making a report with University Police and/or the Title IX Coordinator and ask for a “no contact” directive from the University to prevent future contact
4. Consider getting a protection from abuse order or no contact order from a local judge or magisterial justice
5. Learn more about what behaviors constitute dating and domestic violence, understand it is not your fault, and talk with friends and family members about ways you can be supported.
6. Trust your instincts—if something doesn’t feel right in a relationship, speak up or end it.

Sexual Assault Prevention (From RAINN)
• Be aware of rape drugs
• Try not to leave your drink unattended
• Only drink from un-opened containers or from drinks you have watched being made and poured
• Avoid group drinks like punch bowls
• Cover your drink. It is easy to slip in a small pill even while you are holding your drink. Hold a cup with your hand over the top, or choose drinks that are contained in a bottle and keep your thumb over the nozzle
• If you feel extremely tired or drunk for no apparent reason, you may have been drugged. Find your friends and ask them to leave with you as soon as possible
• If you suspect you have been drugged, go to a hospital and ask to be tested
• Keep track of how many drinks you have had
• Try to come and leave with a group of people you trust
• Avoid giving out your personal information (phone number, where you live, etc.). If someone asks for your number, take his/her number instead of giving out yours

Traveling around campus (walking)
• Make sure your cell phone is easily accessible and fully charged
• Be familiar with where emergency phones are installed on the campus
• Take major, public paths rather than less populated shortcuts
• Avoid dimly lit places and notify campus services if you believe that lights need to be installed in an area
• Be alert and aware of your surroundings and avoid unnecessary distractions
• Travel in groups when possible
• Carry a noisemaker (like a whistle) on your keychain
• Carry a small flashlight on your keychain
• If walking feels unsafe, try calling University Police and Public Safety

Bystander Intervention: We all have a role to play in watching out for each other
Stand for State is Penn State’s bystander intervention initiative which focuses on interrupting situations related to sexual and relationship violence, mental health concerns, acts of bias, and risky drinking. It launched university-wide in January 2016 and is built upon the premise that in order to reduce harm on campus, a cultural shift is necessary.

There are two ways that bystanders can take action and contribute to that cultural shift:
1. Reactive Choices: The 3D’s are options a bystander can use to respond to concerning situations in a safe and effective way.

   • Options to interrupt sexual violence
     – Grab some friends and check in together
     – “Are you ok?”
     – “I don’t think you should hook up with that person. They seem drunk.”

   • Options to interrupt acts of bias
     – “I don’t know if you intended your comment to come across that way, but I understood it as you implying…”
     – “Are ALL ____ really like that? That’s not my experience.”
     – “Are you okay? I want to let you know I don’t agree with what that person said. Can I be supportive in some way?”

   • Options to interrupt sexual violence
     – Say their friends have been looking for them
     – Just stick around and don’t leave the two alone
     – Offer an alternative activity that separates the two

   • Options to interrupt acts of bias
     – Act like you know the target and act like you are inviting them to get coffee to get them an opportunity to leave the situation.
     – Change the topic of conversation, then follow up later to address the issue with them

Delegate: Asking someone else to intervene. This also notifies someone else of what is going on and that something needs to be done. If someone ever feels unsafe or thinks it would put the target in more danger, a bystander should delegate.

• Options to interrupt sexual violence
  – Talk to their friends and ask them to check in
  – Tell a RA
  – Call 911 or University Police and Public Safety
  – Tell the host of the event, and make sure they check in
• Options to interrupt acts of bias
  – Tell a person in authority, like a manager, supervisor, RA, or party host
  – Ask a friend of the person making comments to get their friend to stop doing that
  – Submit a report to http://equity.psu.edu/reportbias

2. Proactive Choices: Daily choices individuals can make that show others that violence and harm will not be tolerated on campus.

No one can do everything, but everyone can do something. When enough people do things to show that they do not tolerate violence and harm at Penn State, it will create an environment where less people are hurt.

• Educate yourself about sexual and relationship violence, and acts of bias.
• Use social media to share content and educate others
• Make it the norm in your friend group to check in with each other
• Learn more about these issues by choosing the topic for a class project or requesting a program for a student organization meeting

University-wide Programs: August 2018-Spring 2019
Interrupting sexual and relationship violence: Provided 79 programs to 2,147 participants
Interrupting acts of bias and discrimination: Provided 44 programs to 1,443 participants

University Procedures for Responding to Reports of Sexual Assault, Domestic Violence, Dating Violence, and Stalking

In addition to, or in the alternative to, contacting University Police regarding sexual assault, domestic violence, dating violence and stalking, concerns regarding incidents of sexual assault, domestic violence, dating violence, stalking, and/or the University’s related policies may also be reported to:

  Chris Harris
  Title IX Coordinator
  328 Boucke Building
  University Park, PA 16802
  Phone: 814-863-0471
  Email: titleix@psu.edu

Complaints against an employee, third-party or student at the Penn State College of Medicine can be filed by contacting the College Deputy Title IX Coordinator at:

  Kim Lantz Yoder, JD, Deputy Title IX Coordinator for the College of Medicine
  Penn State College of Medicine, 500 University Drive, Hershey, PA 17033-0850
  Phone: 717-531-0003 ext. 283353
  Email: kyoder1@psu.edu

Concerns about conduct by an employee, third party or student at any Commonwealth Campus or other University location should follow the reporting procedures set forth above and on the University’s Office of Sexual Misconduct Prevention and Response website (http://titleix.psu.edu/filing-a-report/).

Upon making a report to the University that you are the victim of domestic violence, dating violence, sexual assault, or stalking whether the offense occurred on or off campus, the University will provide you with a written explanation of your rights and options.

If you or someone you know is the victim of a sexual assault, domestic violence, dating violence, and/or stalking, the victim has several rights, including:
• The right to report the incident to the University Police or local authorities. The University will assist victims in notifying either the University or local police. Filing a police report does not mean the victim must pursue criminal charges. The victim maintains his or her rights throughout the process.
• The right to receive written information about existing counseling health, mental health, victim advocacy, legal assistance, Visa/immigration assistance and student financial aid.
• The right to receive written notification about options for available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures.
• In addition to the campus services listed below, several community service organizations can provide counseling, mental health, and other related services to sexual assault victims.
• Resources and contact information can be found on the Sexual Harassment and Assault Reporting and Education website at http://titleix.psu.edu/.

Resources:
• Office of Sexual Misconduct Prevention and Response – response to reports of sexual harassment and sexual misconduct, coordination of resources and support services, education and training. Title IX Coordinator (http://titleix.psu.edu)
• Police Services – safety support (Derry Township Police) (http://www.derrypd.com/)
• Gender Equity Center – advocacy, referrals, counseling, academic accommodation, and education (http://studentaffairs.psu.edu/genderequity)
• Affirmative Action – diversity education services (https://affirmativeaction.psu.edu)
• University Health Services – medical treatment (www.studentaffairs.psu.edu/health)
• Residence Life – support and referrals (http://students.med.psu.edu/student-life/housing)
• Counseling Services – counseling and referrals (http://students.med.psu.edu/md-students/student-support-services/counseling-services)
• Office of Student Conduct – support, referrals, and resolution of complaints (www.studentaffairs.psu.edu/conduct)
• Employee Assistance Program – counseling for faculty/staff (www.healthadvocate.com/psu)
If a victim of an alleged sexual assault or relationship violence incident requests a change in her or his living arrangements or academic schedule, the Title IX Coordinator and other offices at the University are obligated to assist the individual with making these changes, as long as they are reasonably available. Furthermore, the University may assist victims with student financial aid assistance and/or visa/immigration assistance if requested and to the extent they are reasonably available.

Procedures for Reports of Alleged Dating Violence, Domestic Violence, Sexual Assault, and Stalking Against a Student

PROCEDURES

I. Initial Assessment

After receiving a report, the Title IX Coordinator or their designee (typically, the Director or staff members of the Office of Sexual Misconduct Prevention and Response (OSMPR); hereafter, “Title IX Coordinator”) will make an initial assessment of the reported information and respond to any immediate concerns raised by the report.

As part of the initial assessment, the Title IX Coordinator will assess whether the alleged misbehavior is student-related and whether it constitutes sexual harassment, sexual assault, dating violence, domestic violence, or stalking, including behavior that violates Title IX, or should be addressed by another office (e.g., Office of Student Conduct, Affirmative Action Office); assess the Complainant’s safety and well-being and offer the University’s support and assistance; assess potential threats to the community; assess the nature and circumstances of the report, including whether it provides the names and/or any other information that personally identifies the Complainant, the Respondent, any witness, and/or any other individual with knowledge of the reported incident; and ascertain the ages of the Complainant and Respondent, if known, and, if either of the parties was a minor (under 18) at the time of the alleged misconduct, contact the appropriate child protective service agency, and may work with the Office of Student Conduct (OSC) to implement interim actions as appropriate and necessary (e.g., interim suspension from the University, prohibiting contact with the other party, restriction from activities or campus locations). The Title IX Coordinator will also assess the report for Clery reporting purposes and coordinate with University Police as appropriate. As part of this Initial Assessment process, the Title IX Coordinator will also ensure that the Complainant receives a written explanation of all available resources and options, including the following:

- encouragement to report the behavior to the appropriate law enforcement agency;
- support and assistance available through University resources (e.g., residential accommodations, academic accommodations, etc) regardless of whether the Complainant chooses to participate in the University process, a law enforcement investigation, or both;
- the Complainant’s right to seek medical treatment and information about preserving potentially key forensic and other evidence;
- the Complainant’s right to seek protective measures (including “no contact” directives, academic accommodations, modifications to housing, transportation assistance, and modifications to employment situations, if possible);
- the University’s prohibition against retaliation, that the University will take prompt action when retaliation is reported, and how to report acts of retaliation; and
- the Complainant’s opportunity to meet with the Title IX Coordinator or their designee to discuss their resources, rights, and options.

Whenever the Title IX Coordinator decides to initiate an investigation, impose protective measures that impact the respondent (e.g., administrative directive or interim suspension), or take any other

The following information provides steps to follow should a sexual assault occur:

- Get to a safe place as soon as possible!
- Try to preserve all physical evidence – the victim should not bathe, shower, brush teeth, douche, use the toilet, or change clothing until s/he has a medical exam. Contact a close friend or relative, if available, who can provide support and accompany the victim to the medical exam and/or police department.
- Get medical attention as soon as possible – an exam may reveal the presence of physical injury that the victim is unaware of. Following a sexual assault, antibiotics are typically given at the time of the exam to help prevent the victim from acquiring certain sexually transmitted diseases. Emergency contraception is provided to all female victims at risk of pregnancy from the assault (if the victim presents within 120 hours). If the victim reports memory loss, loss of consciousness or other circumstances suspicious for a drug-facilitated assault, a urine test may be done if the victim presents within 96 hours. Some of the commonly used “date rape” drugs, however, are only detectable in the urine for six to eight hours after ingestion.
- Contact the police – Sexual assault is a crime, it is vital to report it. It is important to remember that reporting a crime is not the same as prosecuting the crime. The decision to prosecute may be made at another time. Final decision to prosecute is determined by the District attorney.
- Consider talking to a counselor – Seeing a counselor may be important in helping the victim understand her/his feelings and begin the process of recovery.
- Report your experience to the University. As detailed above, the University can provide a wide variety of resources, support services, and procedural options to individuals who may have been a victim of sexual violence. Among other things, a survivor may be provided housing options, academic accommodations, as well as counseling and/or advocacy support.
action that impacts a Respondent, the Title IX Coordinator will also ensure that the Respondent is notified and receives written information on available resources and options. The Title IX Coordinator will ensure that a Respondent is informed of the following:

- the nature of the investigation, including a concise summary of the conduct at issue and the portion(s) of the Code the behavior allegedly violates;
- support and assistance available through University resources;
- the University’s prohibition against retaliation, that the University will take prompt action when retaliation is reported, and how to report acts of retaliation; and
- the Respondent’s opportunity to meet with the Title IX Coordinator or their designee to discuss their resources and options.

II. University Action Following Initial Assessment

Upon completion of an Initial Assessment, the Title IX Coordinator will determine the course of action, which may include:

- **Formal resolution:** includes (a) an investigation completed by a trained and impartial investigator; (b) a review of the investigation by a case manager in the Office of Student Conduct to determine if, based on the information presented in the investigative packet, it is reasonable to believe that a violation occurred; (c) if necessary, a hearing before a specially trained University hearing authority (i.e., University Conduct Board or Administrative Hearing Officer, hereafter “hearing authority”) to determine, by a preponderance of the evidence, whether a violation or violations of the Code occurred; (d) the imposition of sanctions and other appropriate remedies if there has been a finding of a Code violation; and (e) the opportunity to challenge the outcome of the investigation or any sanction through an appeal, on specified grounds;
- **Informal resolution:** does not include an investigation or conduct action against a Respondent, but may include imposing appropriate and reasonable remedies, including counseling, education and/or training, as agreed to by the parties. Informal action may also be appropriate as an additional measure during sanctioning (i.e., after a formal process), or after a sanction has been completed and a Respondent is returning to the University community; or
- **Additional remedies:** may include, but are not limited to, training and other educational measures for members of the University community, as appropriate.

The Title IX Coordinator’s course of action following an Initial Assessment will be guided by: (1) whether the Complainant wishes to pursue formal resolution or requests anonymity, requests that an investigation not be pursued, and/or requests that no conduct action be taken; (2) the availability of information or evidence suggesting that a Code violation may have occurred; and (3) any obligation on the part of the University to investigate or otherwise determine what happened and take corrective action as appropriate to eliminate, prevent, and address the effects of the reported misconduct.

A. Where the Complainant Wishes to Pursue Formal Resolution

After an initial assessment, when the Complainant files a Complaint and requests an investigation and the University has conduct authority over the alleged Respondent, the Title IX Coordinator will initiate formal resolution. If the reports of misconduct are against a third party (i.e., not a member of the University community), the University’s actions will be limited. Even though the University’s ability to take direct action against a particular third party may be limited, the University will still take steps to provide the Complainant appropriate immediate support and assistance available through University resources and resources available from entities outside the University.

B. Where the Complainant Requests the Matter be Resolved Through Informal Resolution

A Complainant may request to the Title IX Coordinator that the reported matter be resolved through an informal resolution process. In these instances, the Title IX Coordinator will review the matter to determine its appropriateness for such a process and to determine whether any additional action needs to be taken by the University. If the matter is determined in the Title IX Coordinator’s sole discretion to be appropriate for informal resolution, the matter will transition to an informal resolution process.

C. Where the Complainant does not Respond to Outreach by the Title IX Coordinator or Requests One or More of the Following: Anonymity; that an Investigation not be Pursued; and/or that No Conduct Action be taken

There may be cases in which a Complainant does not respond to outreach attempts by the Title IX Coordinator. In these instances, before taking any further investigative steps, the University will forward all available information about the report gathered during the initial assessment to a Review Panel for a recommendation on how to proceed, as further described below in Section III.

Also, a Complainant may request that their name or other personally-identifiable information not be shared with a Respondent, that no investigation be pursued, and/or that no action be taken. These matters will also be forwarded to the Panel for review, along with the Complainant’s requests.

III. Review Panel

The Review Panel is convened by the Title IX Coordinator and is comprised of trained faculty or staff members as determined by the Title IX Coordinator. The Review Panel will consider a Complainant’s request for anonymity, that an investigation not be pursued, and/or that no action be taken. It will also consider cases in which a Complainant has not responded to contacts by the Title IX Coordinator. The Review Panel will balance any Complainant’s request or lack of responsiveness against the following factors to determine appropriate next steps:

- the totality of the known circumstances;
- the nature and scope of the alleged conduct, including whether the reported behavior involves the use of a weapon;
- the respective ages and roles of the Complainant and Respondent;
- the role of drugs and/or alcohol in the incident;
- the risk posed to any individual or to the campus community by not proceeding, including the risk of additional violence;
- whether there have been other reports of other misconduct or other verified misconduct by the Respondent;
- whether the report reveals a pattern of related misconduct (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group;
the Complainant’s reasons for not wanting to pursue an investigation or conduct action, and the impact that nonetheless moving forward with such actions could have on the Complainant;

- whether the University possesses other means to obtain relevant evidence;
- fairness considerations for both the Complainant and the Respondent;
- the University’s obligation to provide a safe and non-discriminatory environment; and
- any other available and relevant information.

The Review Panel will provide information and advice to the Title IX Coordinator such as:

- their individual and collective perspectives on whether, how, and to what extent, the University should further investigate the Complaint or pursue conduct action;
- what steps may be possible or appropriate when a Respondent or Complainant is unknown or the Complainant requests anonymity or is not participating; and
- what other measures or remedies might be considered to address any effects of the reported behavior on the campus community, if no formal action is pursued.

After receiving feedback from the Review Panel, the Title IX Coordinator will make a determination regarding the appropriate manner of resolution. The University will seek resolution consistent with the Complainant’s request, if it is possible to do so, based upon the facts and circumstances, while also protecting the health and safety of the parties involved and the University community.

A. Determination to not Proceed with an Informal or Formal Process

Where the Review Panel recommends and the Title IX Coordinator agrees, that an informal or formal process not be initiated, either after a Complainant’s request or if Complainant is nonresponsive, the University may nevertheless take other appropriate steps to eliminate the reported misconduct, prevent its recurrence, and remedy its effects on the Complainant and the University community. Those steps may include offering appropriate remedial measures to the Complainant, providing targeted training and prevention programs, and/or providing or imposing other remedies. The Complainant may at any time change their mind and decide they may wish to pursue informal or formal resolution. The Title IX Coordinator also may request that a report be re-opened and pursued if any new or additional information becomes available.

B. Determination that a Complainant’s Request(s) Cannot be Honored

In those instances when the Title IX Coordinator determines that the University must proceed with an informal or formal process despite the Complainant’s request that it not occur, the Title IX Coordinator will notify the Complainant that the University intends to do so, but that the Complainant is not required to participate.

The University’s ability to fully investigate and respond to a report may be limited if the Complainant requests anonymity or declines to participate in an investigation. The University will, however, pursue other steps, if available, to limit the effects of the alleged misconduct and prevent its recurrence. Those steps may be taken as part of an informal resolution.

While the input from the Review Panel is valuable, in all cases, the final decision on whether, how, and to what extent the University will conduct an investigation, and whether other measures will be taken in connection with any allegation of misconduct, rests solely with the Title IX Coordinator.

IV. Formal Resolution

If a determination is made to pursue a formal resolution, the University will initiate a prompt, thorough, fair, and impartial investigation and resolution process. Complaints will be investigated and managed by internal or external investigators who have been trained on issues related to sexual harassment, gender-based discrimination or harassment, sexual misconduct, sexual assault, dating violence, domestic violence, stalking, and victimization, and on how to conduct an investigation and decision-making process that affords both the Complainant and Respondent a full and fair opportunity to be heard, to submit information and other evidence, and to identify witnesses.
A formal resolution typically begins when:

- a Complaint has been filed and the Complainant requests, at any time, an investigation of the concern; or
- after receiving a Complaint, the Title IX Coordinator, in consultation with the Review Panel, has determined, based on the totality of the circumstances and the information available, that a formal resolution process is appropriate. While the Title IX Coordinator will identify the most effective means to formally move forward in response to a Complaint, in most instances, the review will involve an investigation.

A. Investigation

An investigation will afford both the Complainant and Respondent a full and fair opportunity to be heard, to submit information and other evidence, and to identify witnesses. During an investigation, the investigator typically will meet separately with the Complainant, Respondent and pertinent witnesses; offer the parties the opportunity to submit and/or identify related and relevant information or evidence; and gather other relevant information or evidence, including documents, photographs, communications between the parties, medical records (subject to the consent of the applicable person) and other records as appropriate and to the extent possible, understanding that the investigator does not have the power of subpoena.

Following each interview, the interviewed person will be provided with a draft summary of their interview so that they have the opportunity to comment on the summary and ensure its accuracy and completeness. Corrections and revisions will be made as appropriate.

In addition, the Complainant or Respondent may provide the investigator other supporting materials relevant to the matter at any time during the investigation. The investigator may impose time and page limits on written documents and information presented by either party as part of the investigation. The University’s review will be thorough, reliable and impartial.

1. Role of Investigator. Whenever a formal resolution process is initiated, the Title IX Coordinator will designate an investigator. The investigator will typically be a member of the Office of Sexual Misconduct Prevention and Response (OSMPR), although the investigator may be any appropriately trained individual from inside or outside the University, as designated by the Title IX Coordinator. The investigator must be impartial, free of any actual conflict of interest, and have specific and relevant training and experience. The Title IX Coordinator’s determination in that regard is final.

A Complainant or Respondent who has concerns that the assigned investigator cannot conduct a fair and unbiased review (e.g., has a personal connection with one of the parties or witnesses, etc.), may report those concerns to the Title IX Coordinator who will assess the circumstances and determine whether a different investigator should be assigned to the matter.

Investigators do not function as advocates for Complainants or Respondents. Investigators can, however, identify campus support and other resources for Complainants and Respondents and refer them to other offices such as the Gender Equity Center, Counseling and Psychological Services, or Student Care and Advocacy, to coordinate services for students upon request.

2. Notice of the Investigation. Before any interview of the Respondent by an investigator, the Respondent will be informed in writing of the initiation of the investigation. The Complainant will similarly be notified, in writing, unless the Complainant has requested that the University not contact them. The written information will include the identities of the parties, if known, a concise summary of the alleged misconduct at issue, the date and location of the alleged misconduct, if known, and the section(s) of the Code potentially violated. The Respondent will be informed in writing if, during the investigation, additional information is disclosed that may constitute additional prohibited conduct under the Code.

3. Assumption of Good Faith Reporting. The University presumes that Complaints are filed in good faith. A finding that the behavior at issue does not constitute a violation of the Code or that there is insufficient evidence to conclude that the incident occurred as reported, does not mean that the report was made in bad faith. The University encourages all individuals who have experienced or witnessed behavior they believe violates the Code to report the matter so that it may be addressed, without fear of consequences from the University even if their good faith report cannot be substantiated or the behavior does not constitute a violation of the Code. Bad faith reports, however, may subject the reporting party and any other individuals who may be complicit in the bad faith report to conduct action.

4. Presumption of Non-Responsibility and Standard of Proof. The investigation is a neutral, fact-gathering process. The Respondent is presumed to be not responsible. This presumption may be overcome only where the result of a University hearing is a conclusion that there is a sufficient basis, by a preponderance of the evidence, to support a finding that the Respondent violated the Code. A preponderance of the evidence means that it is more likely than not, based upon the totality of all the relevant evidence and reasonable inferences from the evidence, that the Respondent violated the Code.

5. Active Participation by the Parties and Witnesses Is Voluntary. Complainants, Respondents, or witnesses may choose to participate or decline to participate in the formal resolution process. However, even if a Complainant or Respondent declines to participate, the University, at its discretion, may continue to investigate the report and issue findings based on available information. Further, the University may mandate a meeting with the parties, although the party may choose to not share any information or respond to questions.

6. Expectation of Complainant, Respondent, and Witnesses in an Investigation. The Complainant, Respondent, witnesses and others sharing information with the investigator are expected to provide truthful information in any investigative or conduct proceeding. Failure to provide truthful information to a school official can be, in and of itself, a violation of the Code.

7. Acceptance of Responsibility. The Respondent may, at any time, elect to resolve the formal resolution process by accepting responsibility for the violations alleged, in which case the matter will be referred to the Office of Student Conduct, which will determine appropriate charges and sanctions through its normal, non-hearing process. The Respondent may not later contest their acceptance of responsibility.
8. Advisors. Throughout the formal resolution process, a Complainant, Respondent or witness may have an advisor of their choice. A party shall not select an advisor with the actual or effective purpose of disrupting or attempting to disrupt the proceedings or causing emotional distress to the other party or parties. The advisor, upon a party’s request may (1) accompany the party in any meeting/proceeding, (2) advise the party in the preparation and presentation of sharing of information, and (3) advise the party in the preparation of any appeals or sanction reviews. The advisor shall not perform any function in the process other than advising the party as described, and may not make a presentation or represent the party during any interview or other process. The parties must ask and respond to questions on their own behalf, without interruptions or presentations by their advisor. The advisee may consult with their advisor quietly or in writing during a session, or outside during breaks, but the advisor may not speak on behalf of the advisee or directly participate otherwise in the proceeding. Delays in the process will not normally be allowed due to scheduling conflicts with advisors. If, at any point in the process, an advisor becomes disruptive or fails to follow the rules for participation as set forth in this document, the University reserves the absolute and non-appealable right to remove the advisor from the proceeding, and, if appropriate, any future meetings/proceedings.

9. Evidence. The investigator, along with assistance from the Complainant, Respondent, and witnesses, is responsible for gathering relevant evidence to the extent reasonably possible. To this end, the parties will be asked to identify witnesses and provide other relevant information, such as documents, communications, text messages, social media postings, photographs, and other evidence. Both persons are encouraged to provide all relevant information as promptly as possible to facilitate a timely resolution. If appropriate, the parties are encouraged to provide necessary releases to allow the investigator to gather additional, relevant, information.

In general, a person’s medical and counseling records are confidential and not accessible to the investigator unless that person voluntarily chooses to share those records with the investigator. The investigator will review all information identified or provided by the parties and will, in their sole discretion, assess the appropriateness, relevance, and probative value of the information developed or received during the investigation.

In addition to the investigative report, either party will be able to present any evidence not included in the packet to the OSC case manager or hearing authority for their review, should a hearing be convened.

The investigator may, in their sole discretion, consult experts who have no connection to the reported incident when expertise on a specific topic or submitted evidence is needed to gain a fuller understanding of the relevance or value of the evidence or the issue at hand. The investigator is not obligated to consult any expert at the request of a party.

10. Prior or Subsequent Behavior of the Respondent or Complainant. Prior or subsequent behavior of either party will never be used to prove character, but may be considered for other purposes, such as determining pattern, knowledge, intent, or reasons for taking an action. For example, evidence of a pattern of related behaviors by the Respondent, either before or after the incident in question may be deemed relevant and included in the investigative packet. Prior bad faith reports made by the Complainant may also be deemed to be relevant.

11. Prior Sexual Contact Between Complainant and Respondent. Prior sexual contact between a Complainant and a Respondent will never be used to prove character or reputation. Moreover, evidence related to the prior sexual history between the parties is generally not relevant to the determination of a violation and will be considered only in limited circumstances. For example, if the question being determined is whether consent was given through mutually understandable actions (rather than words), information about prior sexual contact, in the totality of the evidence considered, may help the investigator, Title IX Coordinator, and/or hearing authority understand the manner and nature of sexual communication between the two persons. This information may, therefore, be relevant in determining whether consent was sought and given during the incident in question.

However, even in the context of a relationship, consent to one sexual act does not, by itself, constitute consent to another sexual act. Consent on one occasion does not, by itself, constitute consent on a subsequent occasion.

12. Pertinent witnesses. Pertinent witnesses must have observed the acts in question or have information relevant to the Complaint and cannot be participating solely to speak about an individual’s character.

Witnesses will have the opportunity to discuss the investigation process and participate in an interview. Following the interview, a witness will be provided with a draft summary of their interview so that they have the opportunity to comment on the summary and ensure its accuracy and completeness.

Where witnesses are interviewed as part of the investigation, the investigator will, as part of the Preliminary Report, allow the Complainant and the Respondent to review and provide comment to a written summary of the witness’ interviews. This summary will identify the witness by name and relationship to either/both parties and the University.

13. Coordination with Law Enforcement. Where the University is made aware that there is a concurrent criminal investigation, the investigator will inform any law enforcement agency that is conducting its own investigation that a University investigation is also in progress; ascertain the status of the criminal investigation; and determine the extent to which any evidence considered, may help the investigator, Title IX Coordinator, and/or hearing authority understand the manner and nature of sexual communication between the two persons. This information may, therefore, be relevant in determining whether consent was given during the incident in question.

At the request of law enforcement, the University may agree to temporarily defer part or all of the investigation until after the initial evidence-gathering phase of the law enforcement investigation is complete. The investigator will communicate with the parties, consistent with the law enforcement request and the University’s obligations, about resources and support, procedural options, anticipated timing, and the implementation of any necessary interim measures for the safety and well-being of all affected individuals.

Standards for criminal investigations are different than the standards for a violation of the Code, and therefore, the University will not base its decisions solely on law enforcement reports and/or actions. Similarly, if the University determines a viola-
14. **Time Frame for Completion of Investigation.** The investigation shall proceed as expeditiously as possible, with a goal of being completed in 120 days.

An investigation may be extended or delayed as necessary for good cause and to ensure the integrity and completeness of the investigation. Reasons for the delay may include concurrent law enforcement activity; to accommodate the availability of witnesses; to account for University breaks, official holidays and closures, illness, or scheduled absences of University personnel involved in the process; to account for case complexities including the number of witnesses and volume of information provided by the parties; to accommodate disabilities; the need for language assistance; or for other legitimate reasons.

The investigator will notify the Complainant and Respondent on a regular basis about the status of the investigation. In cases where the time frame will be extended, the investigator will provide written notice of the delay to both the complainant and respondent, and such notice will explain the reason for the delay.

15. **Preliminary Investigation Report.** After each party has had the opportunity to comment on their own interview summaries and to identify witnesses and other potential information, and the investigator has completed witness interviews and the gathering of evidence, the investigator will prepare a preliminary report. The preliminary report will include, as applicable, the summaries of the Complainant’s interview, Respondent’s interview, the summaries of each witness’ interview, and either a copy or written summary of any other information that the investigator, in their sole discretion, determines to be relevant to the report. The preliminary report will not contain any findings. However, it will articulate the sections of the Code allegedly violated, the alleged behaviors, and the information gathered that relates to the same.

The Complainant and Respondent shall be given the opportunity to review the preliminary report and provide feedback in response. The Complainant and Respondent must submit any comments, feedback, additional documents, evidence, requests for additional investigation, names of additional witnesses, or any other information they deem relevant to the investigator within five (5) business days of the date of review. The parties may also submit questions to the investigator that they wish to be asked of the other party(ies) or witnesses.

The investigator will review any request for additional investigation after the parties review the preliminary report and may conduct such additional investigative steps as the investigator, in their sole discretion, determines are reasonable and appropriate. The investigator will review any questions submitted by the parties and will pose the questions to the intended parties, excepting any questions that are duplicative or irrelevant. The investigator will document any questions that were not asked, with accompanying rationale. The parties reserve the right to submit any questions not asked by the investigator to the University hearing authority for their review, should a hearing be convened.

In the event that new information is discovered through questioning or provided or identified by one of the parties, and is determined by the investigator to be relevant, the information will be incorporated into a new draft of the preliminary report and the parties will be provided an opportunity to review and provide feedback, specifically regarding the new information, to the investigator, before the investigator proceeds with the final report. After receiving any comments submitted by either party, or after the five (5) business day comment period has lapsed without comment, a final report will then be created, and each party will have the opportunity to review.

16. **Final Investigation Report.** The final report will be forwarded to the Office of Student Conduct.
Processes for Determining Responsibility
Whenever a final Investigative Packet is received by a Case Manager in the Office of Student Conduct, the Case Manager will review the Packet and, if s/he determines that the information in the Investigative Packet reasonably supports a Code of Conduct violation, the Case Manager may recommend charges and sanctions to the Respondent. If the Case Manager determines that the information in the Investigative Packet does not reasonably support a Code of Conduct violation, then the case will be closed without charges.

If charges are issued, the Respondent and Complainant will both be provided with an opportunity to meet with a Case Manager from the Office of Student Conduct to discuss and respond to the charges and ask questions about the adjudicative process. If charges are assigned by the Case Manager and the Respondent chooses to accept responsibility, both the Respondent and Complainant will have the opportunity to request a sanction review pursuant to applicable procedures listed in the OSC Procedures document (https://studentaffairs.psu.edu/support-safety-conduct/student-conduct/code-conduct).

If the Respondent does not accept responsibility for the charges, the University may adjudicate the matter through the use of a hearing.

University Hearing
If a Respondent chooses to contest charges issued by a Case Manager the matter will be forwarded to a hearing. The hearing officer or University Conduct Board will hold a hearing to determine responsibility or non-responsibility using a preponderance of evidence standard.

Participation and the Right to Advisors
The Respondent and Complainant will both be afforded reasonable opportunity to attend and participate in hearings. In addition, the Respondent and Complainant may each be assisted during hearings by an advisor of their choice, pursuant to the policies outlined in the Office of Student Conduct Procedures document (https://studentaffairs.psu.edu/support-safety-conduct/student-conduct/code-conduct). Each party will be allowed to submit a consideration statement that will be reviewed by the hearing authority, should the Respondent be found responsible for violating the Code.

Notification of Determination and the Right to Appeal
Both the Respondent and the Complainant will be notified simultaneously, in writing, of the decision once the written outcome has been submitted to the Case Manager by the hearing authority. Both the Respondent and the Complainant will also be notified, in writing, of the appeal procedure, of any change to the decision that occurs prior to the time that the decision becomes final, and when the decision becomes final. If suspension or expulsion is either assigned or was within range for the charges, both the Complainant and the Respondent will have the opportunity to file an appeal. At the conclusion of any appeal process, both the Complainant and the Respondent will be notified simultaneously, in writing, of the final outcome.

Possible sanctions or protective measures
Penn State may impose following a final determination of an institutional procedure against students
Following a final determination of an institutional procedure regarding domestic violence, dating violence, sexual assault or stalking, the University may impose the following sanctions or protective measures:

Sanctions up to and including expulsion from the University. The following sanctions may be imposed upon any student found to have been responsible for an incident of dating violence, domestic violence, sexual assault, or stalking. More than one of the sanctions listed below may be imposed for any single violation.

Primary Administrative Sanctions:
- **CONDUCT CONVERSATION:** A conduct conversation is used in limited circumstances in very minor level cases. It is formal documentation that the student’s misconduct has been discussed and future violations may result in further discipline action.
- **CONDUCT WARNING:** A conduct warning is an indication to a student that his/her conduct violated the Code of Conduct and that further misconduct will result in more severe disciplinary action.
- **CONDUCT PROBATION:** Conduct probation is assigned for a specified period of time and is intended to foster reflection, responsibility, and improved decision-making. Additional conditions and/or educational programs may be assigned as a component of the probation. Future established misconduct, failure to comply with any conditions or to complete any assignments may lead to a more severe disciplinary action, including suspension or expulsion.

Conduct probation may be recorded on the official University transcript when, either due to the serious nature of the offense or when a student’s disciplinary history is significant, the Office of Student Conduct determines a notation is merited.

- **CONDUCT SUSPENSION:** Disciplinary suspension from the University is assigned for a specified period of time. A suspended student is precluded from registration, participation in any class, activity or program of the University, and residence on campus. In addition, the student is prohibited from using or visiting University facilities unless special permission is obtained from the Senior Director or designee. During the period of suspension, any assignments and/or educational programs may be assigned as a component of the probation. Future established misconduct, failure to comply with any conditions or to complete any assignments may lead to a more severe disciplinary action, including suspension or expulsion.

Conduct probation may be recorded on the student’s official University transcript when, either due to the serious nature of the offense or when a student’s disciplinary history is significant, the Office of Student Conduct determines a notation is merited.

- **INDEFINITE EXPULSION:** Indefinite expulsion from the University is for a period of not less than one calendar year, and re-enrollment must be approved by the Vice President for Student Affairs or designee at the University or by the Chancellors or designee at other campus locations. During a period of indefinite suspension, a student is precluded from registration, participation in any class, activity or program of the University, and residence on campus. In addition, the student is prohibited from using or visiting University facilities unless special permission is obtained from the Senior Director or designee. If a student wishes to return to the University after the period of his or her indefinite suspension, he/she must request re-enrollment (in writing) from the Senior Director or designee. During the period of the expulsion, a notation will appear on the student’s official University transcript.
• EXPULSION: Expulsion of a student from the University is permanent. A student is precluded from registration, participation in any class, activity or program of the University, and residence on campus. In addition, the student is prohibited from using or visiting University facilities unless special permission is obtained from the Senior Director or designee. Expulsion requires administrative review and approval by the President. The sanction of expulsion is permanently noted on a student’s official University transcript.

Secondary Administrative Sanctions:

• HOUSING REVIEW: Housing Review is implemented when an on-campus student has either breached the terms and conditions of his/her housing contract/lease agreement or has engaged in inappropriate behavior in or near the on-campus student housing. This review is for a specified period of time with the understanding that any further breach of the conditions of their housing contract/lease agreement, during the time specified, may result in an extension of review of housing contract or a termination of a student’s housing contract, or a notice of non-renewal of a lease agreement. A housing review will typically be assigned in conjunction with other administrative sanctions.

• ROOM REASSIGNMENT: A student is relocated from one housing assignment to another on-campus student housing assignment. This may be a temporary or permanent change of assignment. This sanction should be made after consultation with the residence life staff member. This sanction can be assigned independently or in conjunction with other administrative and active sanctions.

• LOSS OF HOUSING: Loss of housing permanently separates a student from the University housing program. This separation is typically immediate.

• LOSS OF PRIVILEGE: Loss of Privilege involves the withdrawal of the use of service, participation in an activity, or withdrawal of privileges consistent with offense(s). Loss of privilege may be imposed separately or in addition to other sanctions.

Active Sanctions:

• Active sanctions are sanctions that the University reserves the right to assign to students in addition to administrative sanctions. These include, but are not limited to the following: administrative directives, alcohol or drug education, counseling, reflection papers, projects, decision-making workshops/modules, meetings with staff or others, restitution, and sanctioned service.

Other Sanctions:

• The University reserves the right to impose other sanctions in addition to those listed above in response to specific circumstances of a case.

• Administrative Directives for No Contact: (Students may request a Directive for No Contact through the Senior Director of Office of Student Conduct or the Director of Residence Life)

• Restriction from portions of Campus

• Change in housing assignment

• Change in course assignment

• Mandated Psychological Evaluation and/or Counseling

• Mandated Education

Disciplinary Proceedings for Reports of Alleged Dating Violence, Domestic Violence, Sexual Assault, and Stalking Against an Employee

Preliminary Assessment

When a report of a potential incident of domestic violence, dating violence, sexual assault, or stalking against an employee is received, the Title IX Coordinator will conduct a preliminary assessment of the available information. The preliminary assessment may include the following:

1. Evaluating whether the report provides identifying information for the Complainant, Respondent, and/or witnesses to the reported incident

2. Conducting a Preliminary Investigation by gathering additional information from the Complainant, Respondent, and/or witnesses to the reported incident in order to assess the need for additional action by the University

3. Contacting the Complainant, if identified, in order to provide written information regarding the following:

• The University’s commitment to providing support and resources to survivors of dating violence, domestic violence, sexual assault, and stalking

• The Complainant’s right to seek medical treatment, as well as an explanation of the importance of preserving forensic and other evidence

• The Complainant’s option to make a report—or to refuse to make a report—to law enforcement, as well as the potential of obtaining a Protection from Abuse or Sexual Violence Protection Order

• The Complainant’s right to invoke formal or informal University disciplinary/resolution processes in connection with their experience, as well as an explanation of what the formal and informal procedural options entail and the Complainant’s rights under each

• The Complainant’s right to request appropriate remedial and protective measures, and an explanation of how to request those measures, including:

  1. “No Contact” Directives or Agreements

  2. Academic accommodations, if applicable

  3. Transportation assistance

  4. Modifications to employment situations

• The University’s policy prohibiting retaliation, and its commitment to take prompt action in response to reports of retaliation

• The Complainant’s right to meet with the Title IX Coordinator to discuss their situation, including the procedural options, resources, and support services that may be available in connection with the Complainant’s experience

• The Complainant’s right to be accompanied by an advisor of their choosing to any meeting or interview conducted in connection with the reported incident
4. Contacting the Respondent or other witnesses to obtain additional information regarding the reported incident

5. Communicating with University Police & Public Safety and/or other University administrators in order to determine whether the reported incident triggers obligations under the Clery Act or child abuse reporting laws.

If the Complainant is willing, the Title IX Coordinator or their designee from the Affirmative Action Office (AAO) staff, will meet with the Complainant for an initial discussion of the Complainant’s need for support and/or accommodations, as well as their preference for pursuing formal or informal University disciplinary/resolution processes. Possible outcomes of an initial discussion with a Complainant can include the following:

1. The Complainant may wish/agree for the University to proceed with a Preliminary Investigation or informal process only, which may include contacting the Respondent or other witnesses in order to gather additional information or discuss the reported incident and to assess appropriate next steps. The Complainant will be eligible for appropriate accommodations, and appropriate protective/remedial measures may be provided. The Complainant will also be informed that they may request that the University take formal action in response to the reported incident at a later date. It will also be explained that, while there is no deadline for requesting to invoke the University's formal processes in response to an incident of dating violence, domestic violence, sexual assault, or stalking, the passage of time may impact the University’s ability to gather information related to the incident. A timeline for next steps will be reviewed. The Complainant will be advised that there may be occasions where the University determines that additional formal or informal resolution processes are required, even if the Complainant does not express a desire to engage in additional process. The Complainant will be informed of the process by which the University makes such determinations, and will be kept apprised of any decision-making processes as they take place.

2. The Complainant may request that the University proceed with the formal process. The Complainant will be eligible for appropriate accommodations, and appropriate protective/remedial measures may be provided. Additional information necessary to proceed with the formal process will be obtained. A timeline for next steps will be reviewed and when appropriate, additional meetings scheduled.

3. The Complainant may express uncertainty as to what protective/remedial measures or procedural options they want or need. In such cases, whenever possible, the Complainant will be provided some reasonable period of time to consider their options and communicate whatever needs/preferences they may have. A timeline for next steps will be reviewed and when appropriate, additional meetings scheduled.

4. The Complainant may request that the University keep their identity confidential, which may include a request that the University decline to proceed with any additional fact-gathering, or formal or informal resolution processes with respect to the reported incident. In such instances, the Complainant will be advised of the "Requests for Confidentiality" procedures set forth below, and the University will follow these procedures in evaluating the Complainant’s request and in taking appropriate action.

If a decision is reached to institute formal or informal University resolution processes, or to impose remedial or protective measures that will affect the Respondent, the Respondent will be notified of the proposed action by the Title IX Coordinator or their designee, and will receive written notification of the available procedural options and resources available to them through the University and relevant community agencies, as well as the opportunity to meet with the Title IX Coordinator or their AAO designee to discuss the same.

Complainant Requests for Confidentiality/No Action-Title IX Evaluation Panel

A Complainant may request that the University not share personally-identifying information with the Respondent, or that the University not pursue an investigation or disciplinary action related to the reported incident. The University will seek to honor Complainant requests for confidentiality/no action whenever they are made, but must do so after balancing the Complainant’s wishes with the University’s obligation to provide for a safe and non-discriminatory environment for all University community members.

In evaluating a Complainant request for confidentiality/no action, the Title IX Coordinator will submit the Complainant’s request to a Title IX Evaluation Panel, which will consider the totality of the circumstances in evaluating the Complainant’s request. The composition of the Title IX Evaluation Panel may vary based upon the circumstances of the individual case, but will always include the Title IX Coordinator, a representative from University Police and Public Safety, and a representative the University’s Office of Human Resources. Absent extenuating circumstances, decisions of the Title IX Evaluation Panel will be documented on a Title IX Evaluation Form within one week of a Complainant’s request being made.

Factors considered by the Title IX Evaluation Panel may include:

1. The presence of aggravating risk factors, such as;
   - Whether the reported incident suggests a possible pattern of misconduct by the Respondent, by a particular group or organization, or at a particular location;
   - Whether the reported incident involved multiple Respondents;
   - Whether the reported incident involved the use of a weapon, physical violence, or threats of physical violence;
   - Whether the reported incident was facilitated through the use of “date-rape” or similar drugs;
   - Whether the reported incident occurred while the Complainant was unconscious, physically helpless, or otherwise incapacitated at the time that the incident took place;
   - Whether the Complainant is a minor; and/or
   - Whether any signs of planning behavior are present.

2. The potential impact on the Complainant of honoring—or declining to honor—their request;

3. Evidence showing that the Respondent made statements of admission or otherwise accepted responsibility for the reported incident;

4. The existence of any independent information or evidence regarding the reported incident; and

5. Any other available and relevant information.

Depending on the specific circumstances, the presence of one or more of these factors could lead the University to decline the Complainant’s request and pursue an investigation or other resolution process.
If a determination is made to honor a request from a Complainant
The Title IX Coordinator will communicate the decision to the Complainant in a prompt and sensitive manner. The Complainant will be advised that the University’s ability to investigate and/or respond to a reported incident while also honoring their request may be severely limited. The University may nevertheless take other appropriate steps designed to eliminate the reported conduct, prevent its recurrence, and remedy its effects on the Complainant and the University community. Those steps may include offering appropriate remedial measures to the Complainant, providing targeted training or prevention programs, and/or providing or imposing other remedies tailored to the circumstances. The Complainant will be advised of any additional steps, and will also be informed of their right to request that the University pursue formal or informal resolution processes at a later date.

If a determination is made not to honor a request from a Complainant
The Title IX Coordinator will communicate the decision to the Complainant in a prompt and sensitive manner. The Complainant will be provided with an opportunity to discuss the determination and to provide feedback regarding the University’s proposed course of action in response to the reported incident. The Complainant will also be advised that they may participate in any formal or informal resolution processes with respect to the reported incident, but that they will not be required to do so.

Formal Resolution Process (Employee Disciplinary Proceeding)
If a report of alleged sexual assault, dating violence, domestic violence or stalking is made against an employee, a disciplinary proceeding shall be conducted. The proceeding will include a prompt, thorough, fair, and impartial investigation and resolution process. Both the Respondent and Complainant will have the right to be assisted by an advisor of their choosing during any meeting conducted as part of the disciplinary proceeding.

How to File a Complaint
Complaints of alleged incident of dating violence, domestic violence, sexual assault, or stalking committed by a University employee may issue a formal complaint with respect to an in person, electronically, or via phone, by contacting:

The Office of Sexual Misconduct Prevention and Response
222 Boucke Building
University Park, PA 16802
Phone: 814-867-0099
E-mail: titleix@psu.edu

Formal Investigations
If a complaint of alleged dating violence, domestic violence, sexual assault, or stalking is filed against an employee, the Title IX Coordinator or their AAO designee will commence the disciplinary proceeding by conducting a formal investigation of the reported misconduct. Investigators will be trained annually on issues related to domestic violence, dating violence, sexual assault, stalking, and victimization, and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

The University will strive to complete the formal investigation within 60 business days of its initiation. If circumstances require that the proposed 60-day timeline be extended in any particular case, both parties will be notified of the extension and the reason it is being sought.

Determination Report
Upon completion of the formal investigation, a written Determination Report will be provided simultaneously to the Complainant, Respondent, and the appropriate Dean or Administrative Officer with authority to impose disciplinary sanctions on the Respondent, or their designee, in accordance with applicable employment policies and procedures. In consultation with the appropriate Dean or Administrative Officer, the Title IX Coordinator shall schedule a disciplinary meeting(s) within thirty (30) business days of the date of the Determination Report. The disciplinary meeting(s) shall afford the Complainant and the Respondent separate opportunities to comment on the conclusion and recommendations of the Determination Report. Comments may be in writing or in-person (or both) at the independent discretion of the Complainant or Respondent.

Disciplinary Report
Upon consideration of the Determination Report, along with any additional comments, the appropriate Dean or Administrative Officer and the Title IX Coordinator, in consultation with the Human Resources Strategic Partner shall render a decision. If the Title IX Coordinator and the appropriate Dean or Administrative Officer concludes, by a preponderance of the evidence, that a policy violation occurred, s/he/they will decide on appropriate sanctions and prepare a Disciplinary Report. The Disciplinary Report will include the disciplinary sanctions as well as remedial measures and recommendations for prevention of retaliation.

If the Title IX Coordinator and the appropriate Dean or Administrative Officer concludes, by a preponderance of evidence, that no policy violation occurred, s/he/they will prepare a Disciplinary Report and the complaint will be documented and closed. Remedial measures, accommodations for the Complainant, and recommendations for the prevention of retaliation may be considered when no policy violation is found. Please refer to AD67 - Disclosure of Wrongful Conduct and Protection from Retaliation and/or AD85 Sexual and/or Gender-Based Harassment and Misconduct (including Sexual Harassment, Sexual Assault, Dating Violence, Domestic Violence, Stalking, and Related Inappropriate Conduct) for additional information on the prevention of retaliation.

A copy of the Disciplinary Report shall be provided simultaneously to the Complainant, the Respondent, and the Human Resources Strategic Partner(s) of the employee(s) within fifteen (15) business days of the conclusion of the disciplinary meeting. The Title IX Coordinator will maintain a copy of both the Determination Report and Disciplinary Report.

Appeal of Disciplinary Proceeding
In cases of reports of sexual assault, dating violence, domestic violence, or stalking against an employee, both the Complainant and the Respondent shall be given simultaneous written notice of their right to appeal from the Disciplinary Report as to findings of policy violation and appropriateness of disciplinary action and recommendations for prevention of retaliation. In cases where the Respondent is a faculty member, academic administrator or other academic employees, appeal shall be to the Vice Provost for
Academic Affairs. In cases where the Respondent is a non-academic employee, appeal shall be to the Senior Director of Labor and Employee Relations. Appeal shall be in writing within fifteen (15) business days of receipt of the Disciplinary Report, and shall list the specific matters to be appealed. Appropriate grounds for appeal are instances where procedural error or previously unavailable relevant evidence could significantly impact the outcome of a case or where a sanction is substantially disproportionate to the findings. Within fifteen (15) business days of the written appeal, the Vice Provost for Academic Affairs or Senior Director of Labor and Employee Relations shall issue a Final Determination in writing simultaneously to the Complainant, Respondent, the Human Resources Strategic Partner, Title IX Coordinator and the appropriate Dean or Administrative Officer.

Throughout the process outlined above, the Complainant shall be offered appropriate remedial measures and protection from retaliation. The Complainant shall also be informed by the Title IX Coordinator on how to make a criminal report and how to file a complaint with the appropriate state or federal agency along with a copy of AD85.

Burden of Proof
As noted, the standard of evidence for determining whether a violation occurred, specifically when investigating alleged domestic violence, dating violence, sexual assault, and stalking, is “preponderance of evidence.”

Possible sanctions or protective measures
Penn State may impose following a final determination of an institutional procedure against employees

- Employee termination from the University
- Unpaid suspension
- Restrictions from all or portions of campus
- Change in working facility
- Mandated education
- Written reprimand in personnel file
- Removal from classroom teaching
- Tenure revocation
- Withhold salary increase (from one to several years)
- Removal of endowed chair
- Removal of emeritus status
- Removal of graduate school status
- Termination of research project funding
- Removal from administrative position

Protecting the Confidentiality of Victims
All members of the University Conduct Board, Title IX Decision Panel, case managers and investigators have been trained in confidentiality of student records and the provisions of the Family Educational Rights to Privacy Act. Personally identifiable information about the victim, and other necessary parties where appropriate, will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering accommodations or protective measures or support services to the complainant. The University does not publish the personally identifiable information of the crime victims in its Annual Security Report or other publicly available disclosures nor does it house identifiable information regarding victims in the campus police department’s Daily Crime Log or online. Victims may request that directory information on file be removed from public sources by completing a Request to Withhold Directory Information form posted on the Office of the University Registrar’s website at https://www.registrar.psu.edu/student_forms/withhold_dir_info_form.cfm

Education and Prevention Programs
The Penn State College of Medicine campus engages in educational programming to prevent domestic violence, dating violence, sexual assault, and stalking. Education programming consists of primary prevention and awareness programs for all incoming students and residents that:

a. Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct;
b. Defines domestic violence, dating violence, sexual assault, and stalking including how those terms are defined in the Commonwealth of Pennsylvania;
c. Defines what behavior and actions constitute consent to sexual activity in the Commonwealth of Pennsylvania;
d. Provides safe and positive options for bystander intervention that may be carried out by an individual to prevent harm or intervene when there is a risk of domestic violence, dating violence, sexual assault, or stalking against a person other than the bystander;

Information regarding how to seek help for personal or professional matters of concerns and sex-based discrimination and sexual harassment is provided during orientation sessions held annually for incoming medical students, physician assistant students, graduate students, nursing students, and residents; and repeated for pre-clinical third year medical students. Additionally information regarding University obligations under the law, available assistance and resources is presented to all new students and third year medical students as mentioned above, and to all new employees during orientation.

Sex Offender Registration — Campus Sex Crimes Prevention Act

Megan’s Law
Members of the general public may request community notification fliers for information concerning sexually violent predators in a particular community by visiting the chief law enforcement office.
officer in that community. In jurisdictions where the Pennsylvania State Police is the primary law enforcement agency, members of the general public may make such requests at the local Pennsylvania State Police Station in that community. This information is also available on the Pennsylvania State Police “Megan’s Law” website (http://www.pameganslaw.state.pa.us).

CAMPUS SECURITY POLICIES; CRIME PREVENTION AND SAFETY AWARENESS PROGRAMS
Penn State believes that safety is everyone’s responsibility. In an effort to provide our students, faculty, staff and community with information about the campus security procedures and practices and with the tools that they need to help to keep themselves and others safe, University Police and its University partners provide a variety of educational programs on topics such as, sexual assault awareness, domestic/relationship violence, stalking, drugs and alcohol awareness, and theft prevention. All programs are offered to students, faculty, and staff as requested and most are offered on an annual basis. Some of the available programs are outlined below following information on certain campus safety policies and procedures. If you or your organization would like to request a specific program, please visit police.psu.edu/community-education.

Behavioral Threat Management Team
In order to enhance emergency preparedness and prevention efforts, Penn State has established a Behavioral Threat Management Team (BTMT). The objective of the BTMT is to systematically identify, evaluate, and manage potentially threatening situations, including persons of concern, at the University. The multidisciplinary team is composed of people from across the University. In addition to the BTMT at the University Park campus, each Commonwealth campus also has a team responsible for managing concerning situations on their respective campus. If you would like further information about the BTMT, please visit the Behavioral Threat Management website at http://btmt.psu.edu.

Weapons Policy
The possession, carrying, and use of weapons, ammunition, or explosives is prohibited on University-owned or -controlled property.

The only exception to this policy is for authorized law enforcement officers or others, specifically authorized by the University. At some campuses, University Police provide storage for personal weapons of students. Failure to comply with the University weapons policy will result in disciplinary action against violators.

Pennsylvania Crime Victim Rights
Your Rights as a Crime Victim:
As a victim of crime in the Commonwealth of Pennsylvania, you have rights. Also, you can expect to receive information, practical and emotional support, and be able to participate in the criminal justice process. These standards were created to make sure that you are treated with dignity and respect at all times, regardless of your gender, age, marital status, race, ethnic origin, sexual orientation, disability, or religion.

You have the right to be told…
• About basic services available to you in your county
• About certain court events, including information on bail, escape of offender, release of an offender
• About the details of the final disposition of a case

You have the right to receive…
• Notice of the arrest of the offender
• Information about restitution and assistance with compensation
• Accompaniment to all criminal proceedings by a family member, a victim advocate, or a support person

You have the right to provide input…
• Into the sentencing decision and to receive help in preparing an oral and/or written victim impact statement
• Into post-sentencing decisions

Please see the resource list for local victim assistance options.

For more information about your detailed rights or to file a complaint if you believe your rights have been violated, please contact: The Pennsylvania Crime Victims Office at http://pcv.pccd.pa.gov/Pages/default.aspx#.VaaMafn17OQ.

Anti-Hazing Policy
The Pennsylvania State University does not tolerate hazing. Hazing is prohibited for any University recognized or sanctioned organization, student, or other person associated with an organization operating under the sanction of or recognized by the University. Organizations or individuals found responsible for hazing under this Policy, whether occurring on or off campus, may be subject to disciplinary action by the University, and may also face criminal charges under state law, including The Timothy J. Piazza Antihazing Law, 18. Pa. C.S. § 2801, et seq.

For the purposes of this Policy, it shall not be a defense that the consent of the minor or student was sought or obtained or that the conduct was sanctioned or approved by the organization.
Hazing is defined as when a person intentionally, knowingly or recklessly, for the purpose of initiating, admitting or affiliating a minor or student into or with an organization, or for the purpose of continuing or enhancing a minor or student’s membership or status in an organization, causes, coerces or forces a minor or student to do any of the following:

1. Violate Federal, State, or Municipal law or University policy or procedure;
2. Consume any food, liquid, alcoholic liquid, drug or other substance which subjects the minor or student to a risk of emotional or physical harm;
3. Endure brutality of a physical nature, including whipping, beating, branding, calisthenics or exposure to the elements;
4. Endure brutality of a mental nature, including activity adversely affecting the mental health or dignity of the individual, sleep deprivation, exclusion from social contact or conduct that could result in extreme embarrassment;
5. Endure brutality of a sexual nature;
6. Endure any other activity that creates a reasonable likelihood of bodily injury to the minor or student.

Hazing shall NOT include reasonable and customary athletic, law enforcement or military training, contests, competitions or events.

Aggravated Hazing is defined as when a person commits a violation of hazing that results in serious bodily injury or death to the minor or student; and

1. the person acts with reckless indifference to the health and safety of the minor or students; or
2. the person causes, coerces or forces the consumption of an alcoholic liquid or drug by the minor or student.

Organizational Hazing is defined as when an organization intentionally, knowingly or recklessly promotes or facilitates a violation of hazing or aggravated Hazing.

Reporting Violations of Hazing

The University strongly encourages all members of the University community who believe they have witnessed, experienced, or are aware of conduct that constitutes hazing to report the conduct to the Office of Ethics and Compliance, the Office of Student Conduct, Human Resources, and/or the appropriate police agency. Anonymous reports may also be submitted. This Policy and reports made pursuant to this Policy do not supersede or replace other reporting obligations mandated by law or University policy (e.g., University Policy AD 72, Reporting Suspected Child Abuse and University Policy AD 85, Sexual and/or Gender-Based harassment and Misconduct).

For concerns related to students and/or student organizations:
The Office of Student Conduct
120 Boucke Building
State College, PA 16802
Phone: 814-867-0041
Online report: https://cm.maxient.com/reportingform.php?PennState&layout_id=0
Email: studentconduct@psu.edu
Website: http://studentaffairs.psu.edu/conduct

Reports may also be submitted to the Director of Student Affairs (or equivalent) at each Commonwealth Campus.

For concerns related to employees:
PSU Human Resources – Labor and Employee Relations
331 Building, 2nd Floor
University Park, PA 16802
Phone: 814-867-0041

Enforcement

Reported allegations of hazing will be investigated by the University, or other appropriate investigating agencies, and, if violations are found, individuals and organizations will be held accountable by the relevant University entity that has authority over the individual (e.g., Student Conduct or University/Unit Leadership).

Violations may result in disciplinary actions for individuals or organizations, which can include, but are not limited to, written warnings, probation, fines, loss of privileges, loss of recognition, mandatory training or education, loss of salary increase, administrative leave, suspension, expulsion, revocation of tenure, discontinued participation in youth programming allegations have been satisfactorily resolved and/or termination of employment. Such penalties shall be in addition to any other penalties imposed for violating state criminal law or any other University rule or policy.

University Report

The University will maintain a report of all violations of this Policy, or of Federal or State laws related to hazing that are reported to the University for the five (5) previous consecutive years. The University will update the report biannually on January 1st and August 1st and will publish the report on the Office of Ethics and Compliance website (https://universityethics.psu.edu/).

Student Conduct

The Office of Student Conduct

The Office of Student Conduct strives to deliver a conduct process that is equitable, just, educational, effective and expeditious; and to provide a system that promotes individual and organizational growth through responsibility and in which the success of its educational endeavors is characterized by increased civility.

The Student Code of Conduct

The Office of Student Conduct is responsible for administering the Code of Conduct, which articulates the behavioral standards and the equitable procedures employed by the University to respond to allegations of student or organizational misconduct.
The Code of Conduct is administered at all Penn State campuses on University property (excluding Dickinson Law) and may also address off-campus student or organizational misconduct when a student’s or organization’s behavior affects a substantial university interest.

Students or organizations who are found responsible for violations may be subject to sanctions ranging from Conduct Conversation or Conduct Probation to Suspension or Expulsion from the University. Students or organizations residing in University housing may also lose the privilege of living on campus.

In most cases, the Office of Student Conduct will also assign developmental and educational interventions designed to promote greater awareness and improved decision making for students or organizations and to deter future misconduct.

The University will, upon written request, disclose to an alleged victim of a crime of violence or non-forcible sexual assault the outcome of the conduct process in writing. Written request is not required, however, from an alleged victim of, domestic violence, dating violence, sexual assault, or stalking. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as an alleged victim for purposes of this paragraph.

In instances where a student’s or organization’s conduct, behavior, or other objective evidence provides a reasonable cause to believe a student or organization is an immediate and significant threat to the health or safety of other persons, to property of the University or others, to disrupting essential campus operations, or to the student’s own health or safety, the Office of Student Conduct may assign an Interim Suspension and/or other interim actions that are designed to protect the health and safety of the community and members therein.

The Office of Student Conduct is also responsible for conducting pre-admission, re-enrollment, and continuing enrollment reviews for prospective, returning or current students. Any individual or entity may submit reports alleging student misconduct to the Office of Student Conduct or the OSC designee at the campus where the incident occurred.

The Office of Student Conduct also provides outreach programming designed to inform and educate students and to promote the Penn State Values. Please visit the Office of Student Conduct website at http://studentaffairs.psu.edu/conduct, where you can find the Student Code of Conduct, Parental Notification Policy, Student Records Policy, and links to all policy and procedural guidelines related to the Student Conduct process. Students are encouraged to take the “Know the Code” quiz located on the Student Conduct website.

Additional Information Regarding the Student Code of Conduct

The Pennsylvania State University is obligated to provide all students and organizations with the University regulations, policies, and procedures governing student and organization conduct. Penn State policies and procedures, including the Code of Conduct and the Off-Campus Misconduct Policy, are published on the Student Conduct website, http://studentaffairs.psu.edu/conduct.

If you have additional questions, special needs, or wish to request a hard copy of this information, please contact the Office of Student Conduct at University Park.

Parental Notification Policy

The Pennsylvania State University, under the guidelines of the Family Educational Rights and Privacy Act (FERPA), notifies parents and families in specific instances where a student accepts responsibility, or is found responsible, for a violation of an alcohol or drug policy or receives a sanction that may impact their status as a student.

Parental notification is intended to involve families in the total educational experience of the student and to provide an opportunity for conversation between students and their parents/legal guardians about the experience or incident that was a violation of the Code of Conduct.

For more information, please review the following website for the University Code of Conduct and additional information concerning Parental Notification: https://studentaffairs.psu.edu/support-safety-conduct/student-conduct/conduct-information-parents-families.

Missing Student Policy

Effective August 14, 2008, the Higher Education Opportunity Act of 2008 requires any institution participating in a Title IV federal student financial aid program that maintains on campus housing facilities to establish a missing student notification policy and related procedures (20 USC 1092(j) Section 488 of the Higher Education Opportunity Act of 2008) for students living in on campus housing. The following policy and related procedures is Penn State University’s official Missing Student Policy.

DEFINITIONS:

Student – The University defines a student as any person enrolled in any class or program of the University, full or part time.

Emancipated Individual – A person less than 18 years of age who has been declared by a court to be independent of his or her parents.

AVP – For this policy, “AVP” refers to an Assistant Vice President for Student Affairs assigned to respond to student emergencies.

POLICY:

The Pennsylvania State University will provide every student living in on campus student housing the opportunity and means to identify a missing student contact to be used in the event the student is reported missing. Missing student contact information will be registered confidentially and will be accessible only to authorized University officials and may not be disclosed except to law enforcement personnel in furtherance of a missing person investigation.

In accordance with the procedures established within this policy, within 24 hours after a student living in on campus student housing has been reported missing and the student is not known to have returned to the University or otherwise been located, the AVP or his/her designee will notify the individual the student has designated as his/her missing person contact. If the missing student is under 18 years of age and not an emancipated individual, the AVP or his/her designee will also notify the student’s custodial parent or guardian.

Students will be notified annually that each residential student of the University has the option to confidentially designate an individual to be contacted by the Penn State administration no later than 24 hours after the time that it is determined the student is missing. Penn State provides each student with the means and opportunity to register their confidential missing student contact information by
logging into the University’s LionPATH system and filling out the Address and Contact Information. This confidential missing student contact can be anyone. This option is provided to students even if a student has already registered an individual as a general emergency contact. The student also has the option to identify the same individual for both their general emergency contact and missing student contact.

University Police shall investigate all reports of missing students and will notify and cooperate with other law enforcement agencies, as necessary, to further the investigation.

**PROCEDURES:**

Any individual who believes a student living in on campus student housing may be missing should immediately contact University Police. University Police may notify the AVP upon receipt of a missing student report. When receiving such report, both the AVP and University Police will attempt to determine whether the student is, in fact, missing. Among other steps that may be taken depending on the circumstances:

- AVP or his/her designee will attempt to contact the student through all reasonable and available means.
- University Police will investigate the validity of the missing person report and manage the information according to its established investigative standards.
- University Police may notify appropriate University personnel and seek their aid in the investigation (e.g. Student Affairs, Residence Life, Counseling and Psychological Services, etc.)
- Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, University Police will notify local law enforcement agencies within 24 hours of the determination that the student is missing, unless the local law enforcement agency was the entity that made the determination that the student is missing.

If, within 24 hours of the report, University Police is unable to locate the missing student and the student is not known to have returned to the University or otherwise located, University Police will notify the AVP and he/she or his/her designee will take the following action(s):

- The AVP or his/her designee will promptly notify the individual the student has designated as his/her missing person contact and document the date and time of the notification.
- If the missing student is under 18 years of age and not an emancipated individual, the AVP or his/her designee will also notify the student’s custodial parent or guardian and document the date and time of the notification.

University Police and the AVP will coordinate their efforts to locate the missing student. The AVP will notify the Vice President of Student Affairs and update him/her on the status of the investigation as appropriate.

When the missing student is located, the AVP or his/her designee will contact the student to offer any appropriate support, as well as the emergency contacts and/or parents to confirm the student has been located.

If the initial investigation is unsuccessful in locating the missing student, University Police will continue to investigate according to established police procedures. The AVP will decide what further action, if any, should be taken by the Office of Student Affairs.

**FURTHER INFORMATION:**

While this policy applies only to students living in on campus student housing, reports of students missing from off-campus residences will be referred to the police department having jurisdiction over the student’s local residence, if known, or the student’s permanent residence if a local residence cannot be determined, and the University will cooperate within its legal limitations with any subsequent investigation.

The Missing Student Policy, SY42, can be found at: https://policy.psu.edu/policies/sy42

**UNIVERSITY CONTACT FOR MISSING STUDENTS**

Penn State College of Medicine
Associate Dean for Student Affairs
500 University Drive, Hershey, PA 17033
717-531-4398

Department of Security
202 Eastmoor Building
Hershey, PA 17033
717-531-8711

**Daily Crime and Fire Log**

The Department of Security maintains a Daily Crime Log of all incidents reported to them. This log identifies the nature, general location, date and time reported to the Department of Security, date and time occurred and current disposition if known for each incident reported to the Department of Security. Local news media may contact the Department of Security to acquire information from this log. Information deemed newsworthy may be published by the local news media. The Department of Safety maintains a Daily Fire Log of all incidents reported to them for University Manor Housing. This log identifies the nature, general location, date and time reported to the Department of Safety, date and time occurred and current disposition if known for each incident reported to the Department of Safety. Local news media may contact the Department of Safety to acquire information from this log. Information deemed newsworthy may be published by the news media.

The Daily Crime and Fire Log for the most current sixty days is available for viewing during regular business hours at the Department of Security in the Eastmoor building or online at https://police.psu.edu/daily-crime-log when available. Any portion of the Daily Crime and Fire Log for incidents older than 60 days will be made available for public inspection within two business days of a request.

**Crime Prevention and Safety Awareness Programs**

In an effort to promote safety awareness, the Penn State College of Medicine Department of Security participate in a variety of programs to educate and inform students, employees, parents and the community at large on a variety of issues. The programs are presented upon request or are scheduled at various times and locations on or near the campus. If you or your organization would like to request a specific program, please contact the Department of Security at 717-531-8711. Below are some of the programs and services available:

**Workplace Violence De-Escalation Training**

Security Department certified violence de-escalation trainers provided an eight-hour training course several times during the year in verbal and physical violence de-escalation techniques.
education sessions are provided to staff and students as requested or as needed.

**Domestic Violence Education**
Penn State College of Medicine’s Domestic Violence Medical Advocate provides a course on Domestic Violence awareness and education on campus that is repeated throughout the year, with persons from all areas in and around the campus community in attendance.

**Seeking Help for Personal or Professional Matters of Concern and Sexual Harassment**
Orientation sessions held in fall for incoming medical students, 3rd year medical students, graduate students, nursing students, and physician assistant students.

**Fire Safety Training**
Provides attendees with an overview of fire safety, how to use fire extinguishers and the best way to exit a structure that is ablaze.

**Surviving an Active Shooter Situation**
Penn State College of Medicine provides an online presentation designed to educate staff and students in recognizing, preparing for, and surviving an active shooter situation in a hospital or clinical environment. This program is available on campus through the Compass Learning Management System and/or to groups who request face to face instruction. This education was made mandatory for all staff and students who work in the clinical setting.

**Recognizing and Preventing Violence**
Penn State College of Medicine provides an online presentation designed to educate staff and students in recognizing and preventing workplace violence in a hospital or clinical environment. This program is available on campus through the Compass Learning Management System and/or to groups who request face to face instruction. This education was made mandatory for all staff and students who work in the clinical setting.

**Campus Security Orientations**
Penn State College of Medicine provides new employee orientation every other week for new employees entering the workforce at the Hershey campus and Penn State Health outpatient clinics. This program provides an overview of the available Security Department and Emergency Preparedness programs and services. New employees are directed to enroll in the mass communication services and oriented to Security related situational awareness topics. Additional orientations on campus include:

- Doctors/Residents
- Graduate Students
- Nursing Undergraduate Students
- Physician Assistant Students

**Pennsylvania State Police (PSP) Cadets Hospital Familiarization**
Instructional block designed by Security to familiarize and orient PSP Cadets to medical facilities including but not limited to:

- Explanation of HIPAA
- Exceptions of HIPAA
- Response to Trauma

**Penn State University Policies Governing Alcohol and Other Drugs**

**Penn State’s Alcohol and Drug Policy**
Federal law requires Penn State to notify all faculty, staff, and students of certain information pertaining to the unlawful possession, use, or distribution of illicit drugs and alcohol on its property or as part of its activities. The information included in this report complies with the notification requirements of the Drug-Free Schools and Communities Act and its implementing regulations.

The possession, use, distribution and sale of alcoholic beverages is prohibited upon the property of The Pennsylvania University unless specifically authorized in accordance with Policy AD18, Possession, Use and Distribution of Alcoholic Beverages (https://policy.psu.edu/policies/ad18). Where such possession, use, distribution and/or sale is authorized, strict compliance with the laws of the Commonwealth of Pennsylvania is required.

AD18 includes information about how a sponsoring academic or administrative department, group or unit may seek permission to have alcoholic beverages at a University-sponsored event. The University’s Authorizing Officials are 1) the University Risk Officer (for University Park requests); 2) the Senior Vice President for Health Affairs and Dean of the College of Medicine; and 3) the Chancellor of Commonwealth campus (for campus requests).

AD18 specifies that the following parameters apply to any event occurring on University property or at any University-sponsored
event occurring at another location: 1) persons under the age of 21 years may not purchase, consume, possess or be served alcoholic beverages. It is the responsibility of the person(s) distributing alcoholic beverages to determine the age of the recipient; 2) no alcoholic beverages may be furnished to a person who appears to be intoxicated; 3) non-alcoholic beverage alternatives must be available at all events; 4) alcoholic beverages should not be served or ordered prior to 3:00 pm on a business day (Monday-Friday).

For students, the possession or use of alcoholic beverages is prohibited in any Penn State on-campus undergraduate residence hall building regardless of age. At University Park, this includes Nittany Apartments and Eastview Terrace. Students residing in White Course Apartments are allowed to possess and consume alcoholic beverages in accordance with the laws of the Commonwealth of Pennsylvania. In White Course Apartments, alcoholic beverage consumption is restricted to the inside of apartments, not in common areas, lounges, or outside.

Policies Specific to Faculty and Staff

As a condition of University employment, every employee shall abide by the terms of this policy. Any employee who violates this policy is subject to Penn State sanctions, including dismissal, as well as criminal sanctions provided by federal, state, or local law. An employee may be required to participate in a drug abuse or drug rehabilitation program. An employee must notify his or her supervisor of any criminal drug conviction for a violation occurring in the University workplace no later than five (5) days after such conviction. Please consult Policy AD33, A Drug-Free Workplace for more information (https://policy.psu.edu/policies/ad33.)

Policies Specific to Penn State Students

Any student who violates this policy is subject to disciplinary action including sanctions as outlined in the Student Code of Conduct in addition to any penalties resulting from violating local, state, and/or federal law. Disciplinary sanctions may include: Students who are found responsible for violations may be subject to sanctions ranging from Disciplinary Warning or Disciplinary Probation to Suspension or Expulsion from the University. Students residing in University housing may also lose the privilege of living on campus for violating University rules and regulations or conditions of the housing contract. In most cases, the Office of Student Conduct will also assign developmental and educational interventions designed to promote greater awareness and improved decision making for students and to further deter future misconduct.

Penn State’s Smoking and Tobacco Policy

Smoking and the use of tobacco are prohibited in and on all University owned or leased properties, facilities, and vehicles. The policy includes all University locations. Smoking includes the burning of any type of lit pipe, cigar, cigarette, or any other smoking equipment, whether filled with tobacco or any other type of material. Tobacco is defined as all tobacco-derived or containing products, including and not limited to cigarettes (e.g., clove, bidis, kreteks, electronic cigarettes, cigars and cigarillos), hookah smoked products, pipes and oral tobacco (e.g., spit and spitless, smokeless, chew, snuff) and nasal tobacco. It also includes any product intended to mimic tobacco products, contain tobacco flavoring or deliver nicotine. Products approved by the U.S. Food and Drug Administration, when used for cessation, are not considered tobacco under this policy. Please consult Policy AD32, Smoking and Tobacco Policy (https://policy.psu.edu/policies/ad32) for more information.
Pennsylvania Alcohol-Related Offenses

Pennsylvania’s Medical Amnesty Law

Pennsylvania law provides immunity from prosecution for under age and/or hazing for an individual who seeks help for a friend who has a medical emergency due to under age alcohol consumption or hazing. The immunity also applies to the friend for whom medical assistance was sought. When a person is in violation of under age drinking or hazing laws and calls 911 to get help for a peer who needs immediate medical attention due to excessive alcohol consumption or hazing, the caller and the peer for whom assistance was sought will not be charged with under age drinking or hazing as long as that persons’ phone call was the only way law enforcement found out about that person’s under age drinking, the caller reasonably believed they were the first to call and report the emergency, the person correctly identified themselves by name when reporting the emergency, and the person remained with the individual needing medical assistance until emergency services arrived.

Penn State’s Responsible Action Protocol

A student who acts responsibly by notifying the appropriate authorities (e.g., calling 911, alerting a resident assistant, contacting police) AND meets one or more of the following criteria typically will not face University conduct action for use or possession of alcohol or drugs. However, the student will be required to attend an approved alcohol or drug education program, such as BASICS or the Marijuana Intervention Program (MIP); the fee will be waived. When the student’s behavior involves other Code of Conduct violations, (e.g., vandalism, assault, furnishing to minors) the additional behavior may be subject to disciplinary action. If a student exhibits a pattern of problematic behavior with alcohol or drugs, that student may be subject to formal disciplinary action.

The criteria which invoke the Protocol are:

- Students seeking medical assistance for themselves when experiencing an alcohol or drug overdose or related problems.
- A student seeking medical assistance for a peer suffering from an alcohol or drug overdose or related problems and remains with the peer until appropriate authorities arrive.
- A student suffering from an alcohol or drug overdose or related problems, for whom another student seeks assistance and remains with the peer until appropriate authorities arrive, will also not be subject to disciplinary action for alcohol violations.

Underage Drinking

It is illegal for anyone under 21 years of age to attempt to purchase, consume, possess, or knowingly and intentionally transport any liquor, malt, or brewed beverage. It is also illegal to lie about age to obtain alcohol and to carry a false identification card.

<table>
<thead>
<tr>
<th>Penalty</th>
<th>1st Offense</th>
<th>2nd Offense</th>
<th>Subsequent Offense</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fine</td>
<td>0–$500</td>
<td>0–$1,000</td>
<td>0–$1,000</td>
</tr>
<tr>
<td>Jail</td>
<td>0–90 days</td>
<td>0–90 days</td>
<td>0–90 days</td>
</tr>
</tbody>
</table>

By law, the local police department and University Police are required to notify parents or guardians of all under age-drinking violations.

Penn State University has a zero-tolerance policy associated with students consuming beverage alcohol under the age of 21. Not only is this against the Pennsylvania law, it is also a violation of the Student Code of Conduct.

Carrying False I.D.

It is illegal for anyone under 21 to possess an identification card falsely identifying that person by name, age, date of birth, or photograph as being 21 or older to attempt to obtain liquor, malt, or brewed beverage by using the identification card of another or by using an identification card that has not been lawfully issued to or in the name of the person who possesses the card.

<td>0–1 year</td>
</tr>
</tbody>
</table>

Public Drunkenness

It is illegal to appear in any public place manifestly under the influence of alcohol to the degree that you may endanger yourself or other persons or property, or annoy others in your vicinity.

Public drunkenness is a crime when a person appears in any public place manifestly under the influence of alcohol or a controlled substance to the degree that he may endanger himself or other persons or property, or annoy persons in his vicinity.

Public drunkenness also leads to other behaviors and important health concerns. Often, public drunkenness contributes to many criminal mischiefs and disorderly conducts on campus. People must be responsible for their own actions and know their limits and tolerance levels before consuming alcohol.

Driving Under the Influence (DUI) Law

In Pennsylvania, the illegal level for DUI is .08 percent Blood Alcohol Content (BAC) and .02 percent BAC for minors. The law emphasizes treatment and a three-tier penalty system based on BAC and prior offenses: (1) general impairment (.08-.099 percent), (2) high rate of alcohol (.10-.159 percent), and (3) highest rate of alcohol (.16 percent and above).

Also, drivers with any amount of a Schedule I, II, or III controlled substance not medically prescribed (or their metabolites) may not drive, operate, or be in actual physical control of a vehicle.

It is illegal for anyone under 21 years of age to drive a vehicle with a blood alcohol content of .02 percent or higher. A first-time offense individual, under certain circumstances, may qualify for an Accelerated Rehabilitative Disposition (ARD) program.
### Selling or Furnishing Alcohol to Minors

</tr>
</tbody>
</table>

For more information about all alcohol-related offenses and resources in Pennsylvania, see [www.lcb.state.pa.us](http://www.lcb.state.pa.us/).

### Open Container Law

In Pennsylvania, there is no state law to prohibit open containers of alcohol in public. However, many local governments have enacted such ordinances. For more information about all alcohol-related offenses in Pennsylvania, see [www.lcb.state.pa.us](http://www.lcb.state.pa.us/).

### Related Drug Offenses

#### Possession of Marijuana

It is unlawful for a person to knowingly or intentionally possess marijuana (Hashish), a Schedule I substance.

Persons engaged in such activity will most likely be faced with criminal charges and charged with a violation of the Student Code of Conduct.

The charges for marijuana possession include:

<table>
<thead>
<tr>
<th>Quantity</th>
<th>Charge</th>
<th>Jail Time</th>
<th>Fine</th>
</tr>
</thead>
<tbody>
<tr>
<td>30 grams or less</td>
<td>Misdemeanor</td>
<td>30 days</td>
<td>0–$500</td>
</tr>

<td>Over 30 grams</td>
<td>Misdemeanor</td>
<td>1 year</td>
<td>0–$5,000</td>
</tr>
</tbody>
</table>

#### Pennsylvania’s Medical Marijuana Act

Pennsylvania’s Medical Marijuana Act went into effect on May 17, 2016. However, marijuana in any form remains a prohibited controlled substance under federal law, and therefore the possession, cultivation, and use by individuals remain illegal under federal law. The Pennsylvania Medical Marijuana Act conflicts with federal criminal laws governing controlled substances, as well as federal laws requiring institutions receiving federal funds, by grant or contract, to maintain drug-free campuses and workplaces. Penn State receives federal funding that would be in jeopardy if those federal laws did not take precedence over state law. Therefore, the use and/or possession by individuals of marijuana in any form and for any purpose continues to violate applicable University policies, and any student or employee who violates such policies will be subject to disciplinary sanctions.

#### Possession of Other Drugs

In Pennsylvania, the penalties for being convicted of possession of a controlled substance such as heroin, cocaine, methamphetamines, prescriptions, ecstasy, and LSD vary by type of substance and quantity of the substance possessed. Charges also vary by first, second and subsequent offenses. Charges may include jail time, fines, drug counseling, and suspension of driver’s license.

#### Possession of Drug Paraphernalia

It is unlawful for a person to use or possess, with the intent to use, drug paraphernalia that is used for packaging, manufacturing, injecting, ingesting, inhaling, or otherwise introducing into the human body a controlled substance.

#### Synthetic Marijuana

Effective March 1, 2011, the U.S. Drug Enforcement Agency classified synthetic marijuana as an illegal substance. It is also known as Spice, K2, Demon, Wicked, Black Magic, Voodoo Spice, and Ninja Aroma Plus. Individuals found responsible for manufacturing, possessing, importing/exporting, or distributing these substances will face criminal and civil penalties. Penn State students engaging in these activities will also be held responsible under the University’s illegal substances policy. It is also against University policy to use synthetic marijuana.

---

1 Penalties differ based on age, blood alcohol content, and other factors.
**Controlled Substances Act (CSA)** — The CSA places all substances that are regulated under existing federal law into one of five schedules. The place is based on the substance's medical use, potential for abuse, and safety or dependence ability. Below is a description of the five schedules and examples of drugs in each schedule. The list is not comprehensive.

<table>
<thead>
<tr>
<th>Schedule</th>
<th>Characteristics</th>
<th>Examples</th>
</tr>
</thead>
</table>
| Schedule I | • high potential for abuse  
• no currently accepted medical use in US  
• lack of accepted safety for use under medical supervision | • Heroin  
• Gamma Hydroxybutyric Acid (GHB)  
• LSD  
• Marijuana  
• MDMA (Ecstasy)  
• Mescaline (peyote)  
• Psilocybin/Psilocyn (mushrooms)  
• Tetrahydrocannabinols (THC) |
| Schedule II | • high potential for abuse  
• currently accepted for medical use or with severe restrictions in US  
• abuse may lead to severe psychological or physical dependence | • Adderall®  
• Amphetamine  
• Cocaine  
• Fentanyl  
• Hydrocodone  
• Methadone  
• Methamphetamine  
• Morphine  
• Oxycodone  
• Phencyclidine (PCP)  
• Ritalin® |
| Schedule III | • less potential for abuse than drugs in Schedules I and II  
• currently accepted for medical use in US  
• abuse may lead to moderate or low physical dependence or high psychological dependence | • Anabolic Steroids  
• Codeine compounds  
• Some barbiturates  
• Ketamine |
| Schedule IV | • low potential for abuse compared to drugs in Schedule III  
• currently accepted medical use in US  
• abuse may lead to limited physical dependence or psychological dependence | • Ativan®  
• Rohypnol® (not manufactured or legally marketed in the US)  
• Valium®  
• Xanax® |
| Schedule V | • low potential for abuse compared to drugs in Schedule IV  
• currently accepted medical use in US  
• abuse may lead to limited physical dependence or psychological dependence | • Cough medicines with codeine |

Drug and Alcohol Abuse Education Programs
Resources for Faculty and Staff

Penn State’s Employee Assistance Program (EAP) is available for Penn State employees if they have a problem with substance abuse or if someone they know may have a problem. If you suspect that you or someone close to you may have a problem with alcohol or other drugs . . . stop hurting and start healing. For more information about the University’s drug and alcohol prevention efforts, please see the “Health Promotion and Wellness” and “Crime Prevention and Safety Awareness Programs” sections of this Annual Security Report.

- Penn State faculty and staff can reach the EAP twenty-four hours a day, 7 days a week, by calling 866-799-2728 or at (www.healthadvocate.com/psu)
- Any employee or supervisor with additional questions related to alcohol and other drug problems may contact Labor and Employee Relations at 814-867-0041.

ANNUAL DISCLOSURE OF CRIME STATISTICS

While the Penn State College of Medicine and the Hershey Medical Center campus is a reasonably safe environment, crimes do occur. In addition to the Clery Act crimes statistics, other common crimes that occur on campus are outlined below.

Theft

Theft is a common occurrence on college campuses. Often, this is due to the fact that theft is often seen as a crime of opportunity. Confined living arrangements, recreation facilities, and many open classrooms and laboratories provide thieves with effortless opportunities. Occupants of the residence halls often feel a sense of security and home atmosphere and become too trusting of their peers, while other leave classrooms and laboratories unlocked when not occupied for short periods of time.

It is important to be very vigilant when it comes to suspicious persons. Never leave items and valuables lying around unsecured. Doors should be locked at all times. The following is a list of suggestions to help you not fall victim to theft.

- Keep doors to residence halls, labs, classrooms locked when not occupied.
- Do not provide unauthorized access to persons in the buildings or classrooms.
- Do not keep large amounts of money with you.
- Lock all valuables, money, jewelry, and checkbooks in a lock box or locked drawer.
- Keep a list of all valuable possessions including the make, models, and serial numbers.
- Take advantage of the Engraving Programs to have all valuables engraved with specific identifying marks.
- Do not leave laptop computers or textbooks unattended in labs or libraries, even if it is for a short period of time.
- Do not lend credit cards or identification cards to anyone.
- Report loitering persons or suspicious persons to police immediately; don’t take any chances.

Identity Theft

Identity theft is a crime in which someone wrongfully obtains and uses another person’s personal information in some ways that involves fraud or deception, typically for economic gain. This personal data could be a Social Security number, bank account, or credit card information.

Persons involved in identity theft often use computers or other forms of media to assist them.

You can take measures to prevent this from happening to you:

- Do not give anyone your personal information unless there is a legitimate reason to trust them.
- Never give your credit card information, date of birth, or other information over the telephone, unless you can confirm the person receiving that information.
- Complete a credit check frequently to assure there is no suspicious activity.
- Examine financial information often to assure all transactions are authorized and accounted for.
- Use security software and install firewalls on computers.

Clergy Act Crimes

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)) requires colleges and universities across the United States to disclose information about crimes reported on and around their campuses. The University Police collects the Clery crime statistics disclosed in the following charts through a number of methods.

The University Police maintains a close relationship with all police departments where Penn State owns or controls property to ensure that crimes reported directly to these police departments that involve the University are brought to the attention of the University Police. In addition to collecting Clery crime statistics from local police departments, all reports of crime incidents made directly to the University Police (through police dispatchers and officers) are entered into an integrated computer aided-dispatch systems/records management system. The entries are recorded in the system in accordance with the crime definitions outlined in the FBI Uniform Crime Reporting Handbook and the FBI National Incident-Based Reporting System Handbook (sex offenses only). To ensure each report is appropriately classified in the correct crime category, after a dispatcher or officer enters the report in the system, a department administrator reviews the report to ensure it is appropriately classified. The department also periodically examines data in the system for appropriate classification.

In addition to the crime data that the University Police maintains, the University collects Clery crime statistics of reports made to various campus security authorities, as defined in this report. The statistics reported in the following charts generally reflect the number of criminal incidents reported to the various campus security authorities. The statistics reported for the subcategories on liquor laws, drug laws, and weapons offenses represent the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses documented.
Definitions of Reportable Crimes

Murder/Non-Negligent Manslaughter – defined as the willful killing of one human being by another.

Negligent Manslaughter – defined as the killing of another person through gross negligence.

Rape – Penetration no matter how slight of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.

Fondling – the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

Incest – Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape – Non-forcible sexual intercourse with a person who is under the statutory age of consent.

Robbery – defined as taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault – defined as an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Burglary – unlawful entry of a structure to commit a felony or a theft.

Motor Vehicle Theft – theft or attempted theft of a motor vehicle.

Arson – any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Domestic Violence – includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the Commonwealth of Pennsylvania, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction. Pennsylvania does not have a specific crime of domestic violence.

Dating Violence – Means violence committed by a person—(a) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (b) where the existence of such a relationship will be determined by the reporting party’s statement and based on a consideration of the following factors:

(i) The length of the relationship.
(ii) The type of relationship.
(iii) The frequency of interaction between the persons involved in the relationship.

Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

Stalking – Means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—(a) fear for his or her safety or the safety of others; or (b) suffer substantial emotional distress. In Pennsylvania, a person commits the crime of stalking when the person either:

(1) engages in a course of conduct or repeatedly commits acts toward another person, including following the person without proper authority, under circumstances which demonstrate either an intent to place such other person in reasonable fear of bodily injury or to cause substantial emotional distress to such other person; or

(2) engages in a course of conduct or repeatedly communicates to another person under circumstances which demonstrate or communicate either an intent to place such other person in reasonable fear of bodily injury or to cause substantial emotional distress to such other person.

Hate Crimes – includes all of the crimes listed above that manifest evidence that the victim was intentionally selected because the perpetrator’s bias against the victim based on one of the Categories of Prejudice listed below, plus the following four crimes:

- Larceny/Theft – the unlawful taking, carrying, leading or riding away of property from the possession or constructive possession of another.
- Simple Assault – unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.
- Intimidation – to unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct but without displaying a weapon or subjecting the victim to actual physical attack.
- Destruction/Damage/Vandalism to Property (except Arson) – to willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

---

Categories of Prejudice

Race – A preformed negative attitude toward a group of persons who possess common physical characteristics genetically transmitted by descent and heredity that distinguish them as a distinct division of humankind.

Gender – A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender, e.g., male or female.

Religion – A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being.

Sexual Orientation – A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation.

Ethnicity – A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry.

National Origin – A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth.

Disability – A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age, or illness.

Gender Identity – A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals.

Definitions of Clery Act Locations

On-Campus – Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and is frequently used by students, and supports institutional purposes.

Residence Halls – Any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student housing facility.

Public Property – All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

Non-Campus – Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

---

### CRIME STATISTICS: CLERY DATA

The following annual security report provides crime statistics for selected crimes that have been reported to local police agencies or to campus security authorities. The statistics reported here generally reflect the number of criminal incidents reported to the various authorities. The statistics reported for the sub-categories on liquor laws, drug laws, and weapons offenses represented the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses documented. This report complies with 20 U.S. Code Section 1092(f).

Students 943
Housing Report

(1) Types of student housing available
Penn State College of Medicine offers the following types of housing for students on campus (the University does not operate any student housing off campus):

- **Manor West Apartments:**
  31 – four-bedroom furnished apartments for four single students, with shared living room, bathroom, and kitchen (used primarily for undergraduate students but also houses some single Medical and Graduate students as well as short-term tenants).

- **Manor East Apartments:**
  24 – one-bedroom, 208 – two-bedroom, and 16 – three-bedroom unfurnished apartment units for single students and/or students with families (used primarily by our Medical, Graduate, and Post-Graduate populations).

- **VIP apartment** (located in Manor West):
  1 – two-bedroom furnished apartment for guests on official University business.

(2) Policies on housing assignment and requests by students for assignment changes
Students submit applications on-line, by mail, via facsimile, or in person at the Housing Office. On the application, the student indicates housing preferences, such as apartment type, requested date of occupancy, ADA requirements, and roommate preference. The Housing Office begins the process of assigning a room and/or apartment based upon the requested date of occupancy, date of application, and apartment type requested. A student interested in changing their preferences after the deadline may make a request; however, honoring that request is not guaranteed.

Roommate Issues
When the Housing Office becomes aware of a conflict between roommates, a meeting is scheduled with the students in question and the Housing Manager. The purpose of this meeting is to let the parties involved air their concerns and identify possible solutions with a neutral third party. In the vast majority of instances, this meeting ends with all stakeholders agreeing to an outcome that fairly addresses the core issue(s). In instances where no such compromise can be reached, the affected parties are split-up and reassigned.

Emergencies
In a true emergency situation, the Housing Manager is contacted and will initiate the relocation of the student(s) immediately.

(3) Policies concerning the identification and admission of visitors in student housing facilities
The policy for guests is found in the Housing Lease Rules and Regulations, which the student agrees to when accepting a Housing Lease. The policy states:

**GUESTS**
Student apartments are intended for use by tenants of the building and their invited guests. A guest is defined as a person visiting a tenant in a student apartment at the tenant’s invitation. Delivery persons are not considered to be guests for purposes of this policy. The following stipulations relate to all guests:

1. It is the responsibility of the host student to ensure that their guests are aware of University and Student Housing policies. Guests are held responsible for their own actions and for knowledge of University and Student Housing policies. However, the hosts are held accountable for damages committed by their guests. Hosts are also held accountable for their guests’ behavior.

2. Tenants in a shared apartment are permitted to have guests in their rooms only if there is no objection from their roommate(s).

3. Room keys will not be provided for guests. Tenants are not to give their keys to a guest in order for them to gain entrance to the apartment.

4. Students may have an overnight guest in their room for a maximum of seven consecutive nights. The University reserves the right to revoke this privilege. Guests may not move from one host’s room to another in order to extend their stay in the apartment.

5. Only tenants and their invited guests are permitted in the tenant’s apartment. Individuals found in the apartment who are not tenants or guests of the tenant are considered trespassing.

6. Campus Security and Housing Staff members will confront any individual if they are not recognized as a tenant and/or the tenant is not escorting them.

Students charged with violations of the guest regulation will be subject to University disciplinary action. An unescorted guest who is a student of the University shall be subject to University discipline.
(4) Measures to secure entrances to student housing facilities

All apartment entrances to student apartments are equipped with deadbolt locks and are to remain locked 24 hours a day. Only tenants of the apartment are granted access to the apartment. If a student does not have their keys, they are to proceed to the Housing Office during normal working hours where their identity will be verified and a temporary key issued. After normal working hours, they are to contact Security Operations Center to make arrangements for access to their apartment. Campus Security will meet the tenant at their apartment, verify their identity, and facilitate apartment access.

Housing Maintenance staff will check the security of apartment doors during the normal course of completing scheduled maintenance evolutions and work order requests. If an entry door is found unlocked, the Maintenance staff will immediately lock the door and a reminder to secure the premises is forwarded to the tenant.

(5) Standard security features used to secure doors and windows in students’ rooms

**Doors**

Apartment entry doors are equipped with lockable door handle and deadbolt. Student bedrooms doors feature a Stanley/Best lock, locking mechanism that requires a key to open. Each student is issued a key with a unique code and a “Do Not Duplicate” stamp for the apartment entry door and their bedroom door. If the student reports a key is lost or stolen, the associated core is changed immediately, if an entry door—all occupants receive a new replacement key, if a bedroom door—only the affected student will receive a new key.

**Windows**

All apartment windows are lockable. During apartment turn-around, Maintenance Housing staff double-check that the locking mechanism is functioning properly and that all windows are locked. The actual locking mechanism varies between the Manor East and Manor West Student Housing complexes due to different window types, but essentially functions in the same manner.

(6) Type and number of, and description of security training provided to employees, including security personnel, assigned to the student housing facilities

The Security Department staff, in conjunction with Derry Township Police, provide security services to the student housing areas as part of their mission and responsibilities for the entire Penn State Milton S. Hershey Medical Center complex. No security officers are specifically assigned to Student Housing; however, the Penn State College of Medicine Department of Security consists of 30 Security Officers, 6 Senior Patrol Officers, 3 Supervisors, one Security Manager, one Access Control Manager, and one Director of Security. The patrol officers provide security assistance and patrol of the University Manor East and West complexes. All officers have training in all aspects of security work, safety protocols, CPR training and Psychiatric Emergency Assist Training.

**Housing Staff**

Housing staff with building access:
- Manager – 1
- Maintenance Supervisor – 1
- Technical Service Staff – 5
- Housing Office Staff – 2

**Training Housing Staff:**

Housing staff receive annual fire safety training and participate in operational testing of apartment fire alarm and sprinkler systems. Housing staff will report all suspicious activity and question strangers encountered within the Student Housing complexes. All security specific matters are turned over to the Security Department for investigation and action.

**Other Access Groups**

No other groups are permitted access to student apartment without an escort from the Housing Department.

(7) The type and frequency of programs designed to inform student housing residents about housing security and enforcement procedures

During student orientation, information about safety policies is reviewed (keeping entry and bedroom room doors locked, reporting lost keys, emergency contact numbers, escort program).

In the Rules and Regulations Section of each Tenant’s Lease, they are reminded of their role in maintaining the safety and security of the housing complex in which they live. Specifically, they are encouraged to refrain from behaviors that may compromise their safety or security (i.e. leaving door propped open or unlocked, leaving windows open or unlocked) or that of their roommate, if applicable.

Tenants are also encouraged to immediately report all suspicious activity or unauthorized personnel encountered.

Upon arrival, each tenant is provided with written instructions describing emergency equipment, procedures, and contact information to be used in the event of an emergency. Periodic reminders are emailed to students/tenants reminding them of these policies/obligations.
(8) Policy and any special security procedures for housing students during low-occupancy periods such as holidays and vacation periods

Undergraduate Students have three (3) official closedown periods during the academic year: fall break, winter break, and spring break. During the winter break, all undergraduate students are required to vacate their apartments. These tenants are provided instructions on what to do before leaving for the break (heat settings, closing/locking windows, securing belongings, locking room, returning their keys to the Housing Office). During this period, Housing Maintenance staff inspects the apartments and complete work orders in the undergraduate apartments. Undergraduate Student Housing is also co-located with the Housing Office. Both Housing Office Staff and Maintenance Staff patrol during this period of time to insure safety and security of the undergraduate complex.

Postgraduate students are located in family-style apartment and are not required to vacate their apartment until they graduate. Housing Maintenance Staff are instructed to be alert and immediately report and suspicious activity within the complex. They are also instructed to challenge and request identification of all strangers they meet within the complex.

(9) Policy on the housing of guests and others not assigned to the student housing or not regularly associated with the institution of higher education

The policy for overnight guests in student apartments is addressed in Section (3) “Policies concerning the identification and admission of visitors in student housing facilities” of the tenant lease.

Non-students may reside on-campus only with prior approval of the Dean’s Office. The length of their stay is restricted to the time required to complete their official business with the University. During their stay, they are subject to the same Rules and Regulations as the rest of the student population.

(10) Number of undergraduate and graduate students living in student housing

Occupancy can fluctuate throughout the academic year. In the fall semester, occupancy averages around 98%. Occupancy typically decreases in the spring semester, as tenants’ complete off-campus rotations, grants expire, and students graduate, with an average of 90%.

The Higher Education Opportunity Act enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities to publish an Annual Fire Safety Report that contains information about campus fire safety practices and standards of the institution. The following Report details all information required by this Act for the Penn State College of Medicine campus of The Pennsylvania State University.

Definitions
The following terms are used within this report. Definitions have been obtained from the Higher Education Opportunity Act.

On-Campus Student Housing – A student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus.

Fire – Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Fire Safety
Penn State takes fire safety very seriously and continues to enhance its programs to the University community through education, engineering, and enforcement. Educational programs are presented throughout the year to faculty, staff, and students so they are aware of the rules and safe practices. These programs, which are available at all campuses include identification and prevention of fire hazards, actual building evacuation procedures and drills, specific occupant response to fire emergencies, and hands-on use of fire extinguishers.

Penn State has been a leader in ensuring the safety of students, faculty, staff, and visitors who live and work in University-operated residences. Automatic sprinkler systems and fire alarm systems are recognized engineered building features that help to provide for a fire-safe living environment. All University-operated residence halls and apartments are provided with automatic sprinkler systems, smoke detectors, and building fire alarm systems to provide early detection and warning of a possible fire emergency.

The Penn State College of Medicine Housing office maintains and tests all fire alarms and automatic fire suppression systems to ensure system readiness and proper operation in the event of a fire emergency.

The Penn State College of Medicine Campus of The Pennsylvania State University has adopted and developed numerous Safety Policies and Guidelines to help promote a safe living and work environment at all campus. These policies, guidelines, and other fire safety information can be obtained from the Penn State College of Medicine Housing office or the website at https://students.med.psu.edu/student-life/housing/rules-and-regulations.

Additional protection is provided by Penn State College of Medicine Security officers who are trained for initial response to fire incidents occurring at Penn State College of Medicine facilities. Officers provide assistance in building evacuation and extinguishment and confinement of small fires.

Prohibitions on Portable Electrical Appliances, Smoking, and Open Flames

All on-campus housing facilities prohibit the following activities and items.

1. Smoking is prohibited on campus, except in individual apartments.
2. The presence or use of candles, incense burners, oil lamps, and other open-flame device is not permitted in on-campus housing facilities.
3. The presence or use of torchiere halogen floor lamps is not permitted in any building.
4. Individuals shall not obstruct or tamper with fire safety equipment (e.g., sprinklers, fire alarms, fire extinguishers).
5. The possession or use of fireworks is not permitted.
6. Occupant-provided appliances are not permitted in on-campus housing facilities.

Additional information about apartment living and policies is available at [https://students.med.psu.edu/student-life/housing/rules-and-regulations](https://students.med.psu.edu/student-life/housing/rules-and-regulations).

Emergency Procedures

The Penn State College of Medicine Housing provide tenants with emergency procedures as follows:

If you discover a fire – R.A.C.E. is required:

1. Rescue persons in immediate danger to safety. Warn others who are close to the fire.
2. Alarm by pulling the nearest pull box and dialing the fire emergency phone number (8888). Give as much information to the call taker about the emergency and the exact type and location of the emergency.
3. Confine the fire and smoke by closing all doors and windows. Do not lock closed doors. Do not turn off lights.
4. Extinguish/Evacuate—If you have been trained and can do so safely, you may use the fire extinguisher to extinguish the fire. If not, evacuate the apartment.

Evacuation from the building:

1. Upon activation of the fire alarm system, everyone shall immediately leave the building.
2. Feel the door. If it is hot, do not open it.
3. If the door is cool, crouch low and open the door slowly. Close the door quickly if smoke is present.
4. If the hallway is smoke-free or there is a light smoke condition, proceed to the nearest exit. If a light smoke condition is present stay below the smoke (crouch or crawl).
5. Leave the building and meet at your designated evacuation meeting site.
6. Never use elevators during a fire evacuation.

If you are trapped in your room:

1. Place material (e.g., clothing, rug) at base of door to prevent smoke from entering the room.
2. Open your window, wave a piece of material and yell to attract the attention of people outside.
3. Call 8888 and report your location.
4. Stay low; breathe fresh air near the windows.
5. Await rescue.
Fire Safety Rules and Regulations for Tenants
The Penn State College of Medicine Housing Office provides apartment regulations to tenants. Some of the topics include:
1. Emergency numbers and procedures
2. Candles and other open-flame devices
3. Fire alarm systems and reporting
4. Fireworks and firearms
5. Gas grills
6. Halogen lamps

Additional tenant information is available at: https://students.med.psu.edu/student-life/housing/rules-and-regulations

Fire Incident Reporting
To report a fire or medical emergency, tenants shall immediately call 8888 in-house from a safe location or 717-531-8888 from a cell phone. You can also use the blue emergency call boxes located throughout campus. They will connect you directly to Security.

Immediate notification for a non-emergency incident (e.g., fire is out, evidence that something burned, attempted intentional burning of material) shall be made to:

Building Operations Center (BOC) .......................... 717-531-8096
Department of Security .............................................. 717-531-8711
Housing/Apartment Office ........................................ 717-531-8210
Housing/Apartment Office Fax ................................. 717-531-5138
Safety .......................................................................... 717-531-7297

Plans for Future Improvements in Fire Safety
Penn State College of Medicine continues to monitor trends related to apartment/residence hall fire incidents and alarms to provide a fire-safe living environment for all students. New programs and policies are developed as needed to help ensure the safety of all students, faculty, and staff.

PSHAalerts
PSH Alerts is the name of Penn State Health's mass notification service. This system allows PSHMC to send text messages, voice mails, and e-mails to the campus community concerning weather-related closings, delays, and other emergencies. The service is available to all employees and students of Penn State College of Medicine Medical Center. The University does not charge for the service; however, there may be a fee charged based on your phone plan. To register, go to https://member.everbridge.net/index/892807736726266#/login and follow the instructions.

Register to Vote
All students are urged to register to vote in local, state, and national elections. Go to http://www.pikepa.org/election/dl/pa_voter_registration.pdf for a printable Voter Registration Application. Note that Adobe Acrobat must be loaded to view the Voter Registration Application.
